

HAS BIG YIELD—Robert Manzke, (left) of Mokena, a Lincoln-Way sophomore, finished among the leaders in the state in the annual FFA corn growing contest. Robert's top yield was 143.5 bushels per acre. He believes it would have been higher had the growing season been warmer. On the right is Robert Van Rheeden. Van Rheeden, who resides at Frankfort, is head of the agriculture department.

High Corn Yield --
Mokena Lad Among State Leaders

Robert Manzke of Mokena, a sophomore at Lincoln-Way high school made the second highest corn yield in this FFA section of the state with a yield of 143.5 bushels per acre. This yield was made under the supervision of Robert Van Rheeden, the agriculture teacher at the high school. At the time the corn was weighed, shelled corn samples were also taken and a moisture test was made and the yield figured on the basis of No. 2 corn with 15% moisture.

Robert made his highest yield of 143.5 bushels per acre with Pioneer 354. FFA section 10 includes the counties of Kankakee and Iroquois. There were eight high schools and 70 boys entered in the contest in this FFA section this year. All vocational agriculture students are eligible to enter the Pioneer Hi-Yield corn growing contest and free seed corn is supplied to all students who enter.

In the state there were 2,734 boys entered this year from two hundred fifty seven high schools. Robert, son of Mr. and Mrs. Elmer P. Manzke, who farm 143 acres of land near Mokena tells his own story.

"I started to make plans for my winning corn project last fall," Robert said. "A plot of ground was selected that was bottom land and had never been farmed previously. The soil was a black fertile loam. Tests of the soil were made at the Lincoln-Way agriculture laboratory.

"The land was fall plowed. The next spring we disked the land twice. Between disking, 200 lbs. per acre of 9-9-9 was applied. I harrowed the seed bed until it was level and then I drilled the seed on May 12.

"Three cultivations were sufficient to control the weeds. There was very little corn border damage or other insect damage. Being located near a woods, there was probably more bird damage than normal. Rainfall was very nearly adequate. A warmer growing season probably would have increased the yield 10 to 20 bushels."

Civil Defense --
Officials to Display Equipment

National Civil Defense Day this year falls on Sunday, Dec. 7, which is also Pearl Harbor Day.

In Mokena, civil defense officials, under the leadership of Anthony Dina, director, and Mayor James Marti, are preparing an exhibition of equipment recently purchased, including three lighting generators, and geiger counters valued at a thousand dollars, obtained at the supply depot in Springfield. The latter equipment is used to detect radio activity.

This and other equipment will be displayed from 2 to 4 p.m. Sunday on the Rock Island property in front of the Mokena bank. Some will also be on display inside of the railway depot, where officials will be stationed to answer any questions and explain the equipment.

In conjunction with Civil Defense Day, Intermediate Girl Scout troops 60, 103, and 186 of Mokena will distribute civil defense preparedness cards to homes in the area on Friday evening and Saturday. These wallet size cards summarize Civil Defense preparedness action which every American should know.

One side of the card instructs the bearer to prepare a home shelter, automobile evacuation kit and what to put in each. It also lists five things to know and do for protection against enemy attack.

Girl Scout Councils across the nation, with a total membership of more than 3 1/2 million, are cooperating in the project with the Office of Civil Defense Mobilization and with Civil Defense directors in every state.

Middle East Muddle --
De Kalb Pastor to Discuss Topic

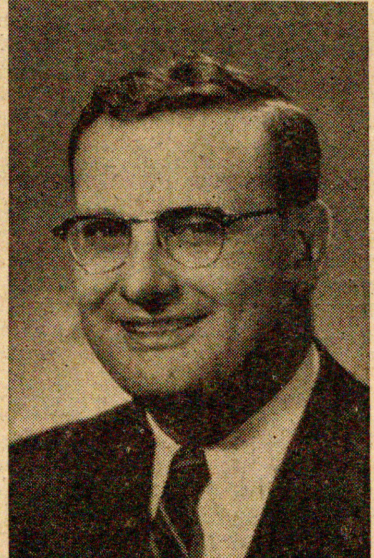

The Rev. William D. White, pastor of the Methodist church that serves the Northern Illinois university at DeKalb, former teacher, football coach, soldier and world traveler will address the Mokena Methodist Men's club next Tuesday night, Dec. 9, at the church. His subject is "The Muddle in the Middle East." The public is invited. There will be a free will offering.

The Rev. Mr. White spent a year in the Philippines and Japan and last summer he spent two months abroad in Europe and the Middle East. He was in Egypt, Lebanon, Jordan and Israel.

Arrangements for his appearance at Mokena were made by Elias A. Brown, president of the Methodist Men's club.

"With so much of the public's attention centered now on the Middle East," Mr. Brown said, "we feel that we are fortunate in getting a man of the Rev. Mr. White's caliber to discuss the situation. And we particularly wish to emphasize that the meeting is open to everyone in the community."

The Rev. Mr. White was graduated from North Central college at Naperville; took graduate work at Colorado and Northwestern and obtained a bachelor of divinity degree from the Garrett Graduate School of Theology on the Northwestern campus.

Rev. W. D. White

He waived a deferment for ministerial training while in college and went in the army as private in WW II. He served as corporal and sergeant and then went on to officers' school where he was commissioned a second lieutenant and afterwards was promoted to a first lieutenant.

He was head of the English department and coached football at Bensenville high school for two years and has held pastorates in Chicago and other communities. He is now the senior pastor at the DeKalb Methodist church. The Chamber of Commerce of that city recently elected him as

"Man of the Year." His father is a pastor, as is one of his brothers and his sister is married to a Methodist minister.

Hold Funeral Services For Mabel Heisner

Funeral services for Mrs. Mabel Heisner, 56, nee Radloff, were held yesterday in the Frankfort Methodist church. The Rev. Ben F. Day officiated and burial was in Pleasant Hill cemetery.

Mrs. Heisner died Sunday in Silver Cross hospital after a two month illness.

She was born Sept. 20, 1902 in Clayton, Wisc., and married Frank Heisner on Nov. 28, 1926 in Oshkosh, Wisc. They lived on a farm southwest of Frankfort for 21 years, moving into the village 12 years ago.

Besides her husband, she is survived by one son, Norman of Berwyn, her mother, Mrs. Charles Radloff of Oshkosh, Wisc., one sister, Mrs. Oscar Sell of Neenah, Wisc., and one brother, Lores Radloff of Oshkosh, Wisc. She was preceded in death by an infant son.

Mrs. Heisner was a member of the WSCS of the Methodist church, the Royal Neighbors of America Camp 6036, and of the Frankfort Woman's club.

Mokena Volunteer Firemen --

Open Building Fund Campaign Tonight

Members of the Mokena community volunteer fire department will begin their building fund drive tonight.

The department plans to erect an engine house on Front st., near Midland ave., of sufficient size to house its equipment and provide a meeting place in which to transact its business. It is estimated that such a building will cost approximately \$18,000.

The department has already purchased the lot on which the building will stand but it lacks the means to build. The department is dependent upon the public for this and so beginning this evening plans a house to house canvass in the Mokena area.

Members will be divided into teams with a captain assigned to each. There will be eight teams. The captains are, Russell Lauffer, Raymond Bernard, William Loucks, Walter Koop, Roy Newton, Clarence Lauffer, Kenneth Warning and James Surovick.

The proceeds are used to purchase and maintain equipment. No tax money is available to the department so it is dependent upon donations.

It was pointed out by officers of the department that the total taken in at the dance is not sufficient to set up a surplus fund so any capital expenditure, such as the proposed fire engine house, must necessarily be met thru a special collection.

In canvassing the families of the area the teams will solicit cash contributions or pledges extending over a three month period.

The new house is needed, it was explained, because the village hall which has been serving as a station is too small to house all of the equipment. A tank truck must be left outside and as a result it must be kept empty—because of freezing—until needed. The time required to fill this tank could be disastrous in the event a house or store building catches on fire, it was pointed out.

The opening of the drive tonight will be signalled by three blasts on the siren at 7 o'clock.

THE NEWS-BULLETIN

VOL. 29, NO. 40 THURSDAY, DECEMBER 4, 1953 MOKENA, WILL COUNTY, ILLINOIS 7c Per Copy

Sandburg Bond Election

Invites Public To Inspect New Orland School

An invitation to inspect the new addition to the Orland Park grade school has been extended to the public by the board of education of Dist. 135.

An open house is to be held Sunday afternoon in conjunction with the dedication of the building. A short dedication program is scheduled to begin at 3 o'clock in the gymnasium of the old school. Following this the public will have the opportunity of inspecting the new structure.

The addition contains eight classrooms and joins the old school on the east end.

The PTA unit will serve light refreshments.

Supt. Norbert Jerling pointed out that the addition represented many hours of thought and planning by the school board, the administration and faculty and that only thru their cooperative efforts was it possible to obtain such desirable results.

The new addition is efficient as well as decorative, it was pointed out. Teachers and board members expressed their appreciation of the public's support of the building program. The bonds necessary to finance the structure were approved by a large vote.

The bond issue was for \$200,000. The new addition cost \$146,000, which is just a little over \$13 a square foot, an excellent price, according to those familiar with building. In addition to the new building, considerable remodeling was done in the old.

The school now has 17 classrooms and will serve 550 pupils. There are now 305 pupils enrolled.

Can Get Copy of N. Lenox Tax List

A section devoted to the assessed valuation of lands and lots is included in today's edition of the New Lenox Press. Persons who reside in New Lenox township but are subscribers to the News-Bulletin may obtain the section including the tax list without charge by calling at The Semler Press office at Mokena.

7 Mokena Girls Collect \$123 For Muscular Dystrophy

Seven Mokena girls collected \$123 last Sunday for the Muscular Dystrophy fund.

The collection was made from door to door. Paul Muehler, daughter of Mr. and Mrs. Walter Muehler, was chairman of the drive in Mokena.

Assisting her in the canvass were Geri Munch, Carol Rinke, Barbara Daugherty, Carroll Muehler, Karen Rogers and Marilyn Sorensen.

Board Cites Needs for More Room to Meet Increasing Population

Voters of the Carl Sandburg high school district will go to the polls Saturday, Dec. 6, to ballot on a \$1,035,000 bond issue necessary to build an addition to the school to keep pace with the demands of a mushrooming enrollment.

The polls will open at 12 noon and close at 7 o'clock. There are seven polling places. Persons living in Orland township south of 135th and north of 159th will vote at the Orland Park grade school on 143rd st.; those living south of the center line of 159th will vote at Hollstein school on 175th st. between 94th and 96th ave.

There are approximately 1,200 students now enrolled at Sandburg and next September the number is expected to be increased to 1,500.

The proposed addition, plus remodeling of some of the existing structures is expected to provide space for 2,000 students. The district owns a 40-acre site on 111th st. and a part of the bond issue will be utilized to purchase another site, similar in size in the south end of the district. It is expected that this south campus will cost about \$175,000.

Before the enrollment in the present school reaches 2,000 it is expected that the board will take steps to build another school—north or south, depending upon where it is needed. Eventually the district will be served by three schools, each with a capacity of 2,000.

When the present Carl Sandburg high school building was erected it was designed for the expansion program being submitted to the voters on Saturday.

The present library was designed to be converted into classrooms requiring only the erection of partitions at previously planned positions. The one story section of the south wing has structural steel for a second story and the floor is already in place for the second story. When the roofing material is removed, the floor will be ready for an asphalt tile covering.

Two chemistry laboratories will occupy the lower floor of the proposed east-west wing. The present chemistry-physics laboratory will remain for physics, exclusively. A classroom for lecture purposes and study is to be conveniently located between the two new chemistry laboratories.

Two additional home economics laboratories are to be added along with a pair of art laboratories and a drafting room.

The library is to be located on the second floor in the proposed building.

Orland Man to Attend Air War College at Maxwell Base, Ala.

Lt. Col. Alexander S. MacKenzie, Orland Park, has been selected to attend the 1959-1960 class of the U. S. Air Force's air war college.

The Air War college, Maxwell Air Force Base, Alabama, is the highest level professional school operated by the air force. It prepares carefully selected officers for command and key staff positions in the Air Force.

Col. MacKenzie is presently assigned as chief, promotion and separation division, deputy chief of staff, personnel, headquarters, Pacific Air Force, Hickam Air Force base, Hawaii. Pacific Air Force is the USAF overseas command having air defense responsibility for the Pacific Far East, and area including 40% of the world.

Col. MacKenzie is a graduate of Parker high school and Wilson Junior college, Chicago. He is a veteran of 17 years Air Force service.

Before assuming his present position, Col. MacKenzie was Executive Officer for the deputy chief of staff for administration and logistics, headquarters, Pacific Air Force, Hickam Air Force base, Hawaii.

He is the son of Mr. and Mrs. Alexander S. MacKenzie, Sr., Orland Park. His wife, the former Lois Monk of Salem, S. D. and son, Alexander III, reside at Hickam.

James S. Martin asked for a B-1 for a shopping center on U. S. 6 at the edge of Marlev. A 200-home development is also planned, Martin stated.

Anthony and Elsie M. Padzuika sought a B-1 classification for a business section (Continued on Page 8)

Mokena Couple Plan Laundromat On Front Street

A new business for Mokena, a laundromat, is to be established in the building owned by W. A. Muehler at 111 East Front st.

Operators of the business, Mr. and Mrs. Donald Clegg, appeared before the village board at its regular meeting Tuesday night and asked for and were granted a permit to remodel the building so it will be suitable for their purpose.

The Cleggs told board members that they plan to install 10 washers of normal size, one extra large washer and two dryers. To properly support this load, they said, concrete will be installed. A 2-inch waterline will be carried into the building from the main.

The remodeling is to begin immediately and the operators expect to open for business by Jan. 15, they told the board. The Cleggs are residents of Mokena where Mr. Clegg is employed at the service station operated by Jerry Nelson.

The village board also is prepared to issue a permit to the Mokena community volunteer fire department for a new engine house as soon as funds are available to begin the structure. The firemen expect to do much of the work themselves. Plans for the building were shown to the board by Eric G. Book, president of the department, and Walter Muehler, chairman of the department's finance committee.

A permit was granted James A. Raffia to lay a waterline to a house under construction on Union st.

Mokena Library Gets New Books

A new consignment of books has been received at the Mokena library from the state library and are now ready for circulation.

There are 200 books for children and teen agers in the lot, and 100 for adults. The children's books include a number that are beautifully illustrated. The juvenile lot covers a wide range of subjects, from nature topics to teen age problems.

The adult group has non-fiction as well as novels, mysteries and westerns.

All residents of Mokena are eligible to use the library. Children under 16 must have a parental signature on their applications for cards. Children are allowed to draw books without charge. Adults can draw state owned books without charge but are charged five cents a week for volumes in the permanent collection.

The library is on Front st., and is open Wednesday evenings from 7:30 to 9 o'clock.

American Legion, Auxiliary Plan Christmas Party in Village Hall

By KATHERINE HEISNER
Frankfort 5187

The Legion Auxiliary will have their next meeting at the Village Hall Thursday evening, Dec. 11, with Mrs. Glenn Burkett presiding at the business meeting. A Christmas gift exchange will be held. Mrs. Leo Haakinson is the chairman of refreshments.

The annual Christmas party with a gift exchange for 50c for adults and 35c for children will take place at the Village Hall Sunday evening, Dec. 14, beginning at 6:30 p.m. with the Legion and Auxiliary and their families participating.

Mr. and Mrs. Ralph O. Otto, Miss Alta Louise Otto of Aurora, Neb. and Dr. and Mrs. David Wilson of Indianapolis, Ind. spent the holiday weekend with their sons and families, Dr. Claude and Dr. Merle Otto.

Thanksgiving Guests
Mr. and Mrs. Julius Sewing and Mr. and Mrs. Heinz Sewing and family both of Elwood were dinner guests of Mr. and Mrs. Herman Barleworth.

Relatives entertained in the home of Mr. and Mrs. Clarence Heisner were, Mr. and Mrs. Osmar Knickrehm of Peotone, Mr. and Mrs. Walter Heisner and family and Mr. and Mrs. Neil Heisner and son both of Hammond, Ind., Mr. and Mrs. Charles Knapp and family of Manteno, Mr. and Mrs. Edward Murphy of Chicago, Edwin Heisner of Green Garden, Mr. and Mrs. George Kratzberg, Mr. and Mrs. Vernon Fink, Mr. and Mrs. Harold Heisner and Harold Jr. and Mr. and Mrs. Dale Kratzberg and daughter.

Mr. and Mrs. August Carlson and Clarence Carlson were dinner guests of Mrs. Augusta Wischover and Miss Tillie Wischover. Next Sunday at the morning worship service at St. Peter's church Loyalty Sunday will be observed when the every member canvass pledge

cards will be brought in for the new year. New members will be received at this time also.

The Senior Youth Fellowship will be entertained next Sunday evening by the Rev. and Mrs. Edith Eizer, the meeting to start at 7 p.m.

The Brotherhood will meet Tuesday evening, Dec. 9 at 7:30 p.m.

The annual Christmas party of the Women's Guild will be held Thursday, Dec. 11 beginning with a potluck dinner at 12:30 p.m. Mrs. Richard Oetter is program chairman.

John Flynn entertained six couples last Friday evening at a party in his home before the Joliet Junior College formal prom Friday evening.

Roxanne and Henry Burkett, children of Mr. and Mrs. Glenn Burkett, will be in the class of the Minut Dancing school of New Lenox which will entertain at the Oak Forest hospital on Friday evening, Dec. 12 at 7:30 p.m.

In a recent letter from Esther Baumgartner, California, when she sent the renewal for her subscription to The News-Bulletin, she made mention of an unpleasant happening, that of having her purse grabbed from her and as "they ran

Mr. and Mrs. Walter Mark entertained the following guests Saturday evening: Mr. and Mrs. Robert Mitchell, Mr. and Mrs. Franklin Christensen, Mr. and Mrs. Walter Schoen, Mr. and Mrs. John Nichols, Mr. and Mrs. Vern Hamilton, of Frankfort; Mr. and Mrs. George Sangmeister Jr., Mokena; Mr. and Mrs. Conrad Mark Jr., and Mr. and Mrs. Carl Winters of Manhattan, and Mr. and Mrs. Ed Klenek of Joliet.

fast than I could, I did not see it is a former Frankfort resident."

PLUGGED TILE MAKES WORK — and cold work too. Early this week the Richard Montezons at 234 Front st., Mokena, were justifiably irked when they found about a foot of water in their basement. They reasoned it was a broken watermain or else workmen for Blaine Saxton, who has the contract for installing the sewer system had

broken their drain tile that carries water away from their basement. Saxton sent a crew over to investigate. Watermain and tile line were found to be unbroken. Tile line was found to be plugged, however, and was rodded out. Saxton gave a bill to the village. The village is passing it along to the Montezons. (Marvin Smith photo)

wyn for Thanksgiving.

Mrs. John Matasovic and daughters have entries in the International Livestock show at the International Amphitheater, Linda is showing her pure bred female Hereford who won the Illinois State Fair championship last summer. She also has entered a carcass steer, Marilyn 12, and Linda, 16 have entered in partnership three steers in the open class. The Matasovics also have three pure bred Herefords entered.

Two Mokena entries were sent to the St. Louis Boxer specialty this month. Hallmark Hill's Nike owned by the Harold Clarks was a winner in her first five point show. Jasy's Waggin' Master took a second place ribbon in the puppy class. He is owned by James and Sylvia Konecny. Mr. and Mrs. Martin Medema Sr. spent last weekend visiting relatives in Michigan.

The Friendly Circle of St. John's church will hold a Christmas party at 8 p.m. Dec. 11. The program will be in charge of Anne Burkhardt and Virginia Hunniford. Refreshments will be served by Margaret Istel, Phyllis Rust, Mildred Martie and Winifred Sizer.

The Methodist church will hold the next luncheon for school children at noon Dec. 10.

Neighbors gathered in the home of Mrs. Rudolph Engelhardt, Carpenter st., Nov. 21 to celebrate the birthday of their neighbor, Mrs. Clarence Mast, and at the same time to extend a warm welcome to their new neighbors, Mrs. Ray Topp and her mother, Mrs. Anna Wheeler, who recently moved into their new home on Carpenter st. Other neighbors present were Mrs. Ida Mae Jacobsen, Mrs. Oliver Schaefer, Mrs. Emma Cappel, Mrs. Charles Burkhardt, Sr., and seven month old Ronald Tappen.

The WSCS members will serve the first annual dinner to the members of the Men's club of the Methodist church when they meet in the social rooms Tuesday, Dec. 9 at 6:30 p.m.

What does modern electric heating have to offer the new home buyer?

If you are buying or building a new home, these facts will explain why the most luxurious heat of all is well worth a few extra dollars a month

Q. Is electric heating clean?

A. It's just as clean as electric light! You see, it uses no fuel—there's nothing to burn, no open flames. And with nothing burning, there's no smoke or soot to create dirt.

Q. Does it make any noise?

A. Radiant Electric Heating is absolutely silent. There are no moving parts, nothing running. No furnace noise.

Q. How about comfort control?

A. Radiant Electric Heating doesn't compromise on comfort. Separate thermostats in each room let you choose the exact degree of heat you need. You can keep the bathroom at 80°, while the living room is 72°, and the bedrooms are set for perfect sleeping comfort at an even 65°.

Q. Is electric heating complicated to operate?

A. It's as easy as tuning your radio. All you do is set the thermostats to the temperature you want. Radiant Electric Heating does the rest, automatically.

Q. How does it feel?

A. It's a deep-down penetrating warmth that feels just like the sun! You see, Radiant Electric Heating warms objects in the room directly.

Q. What does it look like?

A. Radiant Electric Heating is available in various forms. It can be a compact baseboard installed along the base of exterior walls and painted to match the room. It can be embedded in the floor or ceiling (only the wall thermostat is visible). Or it can consist of radiant glass panels, installed in the walls.

Q. How much do I pay for a Radiant Electric Heating System?

A. In the majority of cases, a Radiant Electric Heating system will cost less to install than conventional flame-type systems. Of course, insulation and storm doors and windows are a necessary part of any Electrically Heated Home (Commonwealth Edison does not recom-

mend electric heating for a home without them). But you need no chimney, no hot water pipes or radiators, no furnace, no fuel storage space. And Radiant Electric Heating takes no usable floor space.

Q. How about upkeep?

A. With modern Radiant Electric Heating there are no moving parts, nothing to get out of order. Nothing to adjust, nothing to clean. As a result, the upkeep is just a fraction of what you'd pay to keep a conventional heating system in operation.

Q. Want air conditioning, too?

A. If you want both electric heating and air conditioning in one unit, you'll want the wonderful new Heat Pump that both heats and cools electrically. With this all-electric air conditioning system, the air in your home is warmed or cooled to the exact temperature you select, filtered clean, gently and quietly circulated to every room. The Heat Pump is a compact unit that can be installed in the basement or crawl space to deliver fully conditioned air through ductwork to every room in your home. And just as with Radiant Electric Heating, there are no flames, no fumes—nothing to disturb your absolute peace of mind!

Q. What happens if the electricity goes off?

A. If the electricity ever did go off,

the electric heating would go off, too. But so would most other kinds of automatic heating. Most fuel-type heating systems depend upon electricity for operation.

Q. Is it safe?

A. It's fully as safe as the electric light you're reading this by. With electric heating in your home you'll enjoy a wonderful new peace of mind. There's nothing to escape, drip, leak, smell or boil over.

Q. What's this I hear about a special electric heating rate?

A. Recently, Commonwealth Edison and Public Service Company put into effect a new electric heating rate that cuts the cost of heating with electricity about 30%. This new rate, together with new developments in heating equipment and better standards of home insulation, puts electric heating well within the means of most new home buyers. As a result, new electric heating has been specified for more than 900 homes and apartments.

Q. How much does it cost to operate?

A. Operating costs of electric heating obviously will vary according to the size and type of home and family living habits. Commonwealth Edison and Public Service Company, or your home builder, will be glad to provide electric heating estimates based on the specifications of the home you plan to build or buy.

Q. Where can I learn more about electric heating?

A. You can get more information by phoning your nearest Commonwealth Edison or Public Service Company office. Or you can see new Electrically Heated Homes now being featured by progressive builders in the Chicago area.

Remember, electric heating is available now! There's no waiting list and no permits are needed! So if a new home is on the horizon for you, look into the modern miracle of electric heating. After all, doesn't it make sense to get the advanced heating in your new home that you've always hoped would be available someday?

Hang Onto Your Hats!

For those who have migrated to the suburbs to escape the noise, the jostling crowds, the rush, the tension and the countless other factors that disturb peace and calm—there is still the desert and the moon.

It is beginning to look as if every place else will be grown over in the next decade. Of course, it is probable that the deserts will be reclaimed; that such a step will become a necessity to replace the farm lands taken over for home and factory sites.

The geographers forecast mammoth urban developments. They say that from Milwaukee to South Bend, embracing Chicago, Hammond, Gary, and all the area to the west, including Joliet, Aurora, Elgin and the Du Page county towns will be one city and that the time is not too distant.

This southwest area is already racked with growing pains and when the St. Lawrence seaway project is completed it is expected that the growth of the area will fairly explode.

Tinley Park, Orland Park have master plans to guide the growth in those communities. Mokena and Frankfort have joined forces to have a plan prepared for that section. Joliet too is having a plan prepared.

An objector to the master plan for Mokena-Frankfort said that while he was for growth he would have it gradual and be selective in the type of people it produced.

That is all very fine but this growth we are facing is not the waiting kind. According to the experts it will be an explosive, mushroom variety, somewhat akin to that which marked the establishment of boom towns in the days of the Early West.

This area is bound to grow and grow fast. There is nothing we can do to stop it if anyone wanted to. The only thing we can do is to plan for it so that it will follow an orderly course.

Public officials who have taken steps to chart and guide this growth are to be commended for their foresight.

YOUR DOCTOR REPORTS
Staged Editorial page
("Your Doctor Reports," welcomes inquiries and suggestions from readers, to guide the selection of future topics. Address: News-Bulletin, Mokena.)

ACUTE APPENDICITIS

Usually about two inches long and shaped like a worm, the appendix is attached to the bowel in the right side at the point where the small bowel ends and the large bowel (colon) begins. The appendix serves no useful purpose and sometimes it becomes plugged with debris and secretions. This leads to swelling and infection which results in the condition known as acute appendicitis. If the swelling increases, the appendix may burst and the infection spill out, producing peritonitis, which is a most serious complication.

Appendicitis is the most common of all surgical conditions and also perhaps the most puzzling to the family. Many people assume that any pain located in the right side must come from the appendix. Actually there are at least a half-dozen possible explanations for such pain and it is occasionally a difficult problem for the doctor to determine the cause immediately.

Acute appendicitis may occur at any age although it is most common in children. It usually begins with stomach cramps centered near the navel. This may be followed by nausea or even vomiting for a short time. Then the pain shifts to the right side where it persists and worsens. There is usually a degree or two of fever. This is the typical course of events. However, there may be no nausea and the pain may start in the right side. Many times the patient or mother thinks the pain might be due to constipation and a laxative is administered. This is quite dangerous. In the presence of any kind of "bellyache" a laxative should never be used. The stimulation can cause the appendix to rupture if it is inflamed. An enema is always safer than a laxative when there is abdominal pain.

Should you develop an acute pain in the right side, call your physician. He will question you in a way that will help him to decide whether the pain is due to appendicitis or might possibly be coming from some other source, such as the right kidney or the pelvic organs in a female. Then your doctor will examine you. The results of his examination will also aid him in making a diagnosis. Finally he will examine the urine and the blood count. The urine tests will exclude the possibility of kidney trouble as the source of pain. The blood count will determine whether there is infection in the system. With this information, your doctor will ordinarily be in a position to state definitely whether acute appendicitis is present. Occasionally it may be necessary to undergo a brief period of observation before the diagnosis is clear.

Sometimes appendicitis may progress very rapidly, even to the point of rupture and peritonitis, within a few hours of the first symptoms. This is

the reason that the physician recommends surgery as soon as the diagnosis is reasonably certain.

Altho a ruptured appendix is a very serious matter, it no longer is always the critical situation it used to be. With modern knowledge and available antibiotics, even this complication usually can be managed successfully.

The only effective treatment for acute appendicitis is immediate removal of the appendix. Nowadays this is an exceedingly safe procedure, much safer than the risk of a ruptured appendix. Hence it is advisable to consult the doctor whenever pain in the right side persists for more than a short time.

On Second Thot

by
GLENN F. LOGAN
ON SECOND THOT edit pgsh.

Winter is now snuffling around the door like a hungry hound . . . and that reminds me, the mail has been going to dogs lately. We didn't say the mail was going to the dogs, we meant that the mail has been concerned with dogs altho it wouldn't be amiss to say that the mail service is not what it should be. . . . No gravel is intended for local postoffice personnel. . . . The criticism is directed to those career bunglers in Washington who prefer buses to trains to transport mail but that is something else. . . .

We have had letters this week from New Lenox and Orland Park in which the writers complained about dogs running loose and urge that something be done about it. . . . man's best friend is coming in for some sharp criticism. . . . the owners of man's best friend too. . . .

All friends of man's best friend are more or less familiar with the tribute paid to dogs by the late Senator Vest of Missouri in his defense of a man whose dog was up for salies against livestock. It is a classic and every newspaper office should have a copy at hand for ready reference but we seem to be without.

But that really doesn't matter. We did not intend to quote from it anyway. . . . The association of ideas, however, brot to mind a story about Senator Vest my Grandfather Henderson told me.

The senator, being a lawyer, not only distinguished himself in politics and oratory but he also had what some describe as a judicial mind. That is to say that he was swift in discarding superfluous words and theories and getting down to the essentials and these he would cling to regardless of diversionary moves or tactics. He was a great one for fundamentals.

The senator also was a great one for a poker game now and then. My grandfather said that one time when the senator was in Sedalia (Mo.) he became involved in a game that was being played in one of the downtown buildings. He had been holding good cards but had been getting topped and as a result was operating on the red side of the ledger.

Then opportunity arrived at his door with a hop, skip and jump and knocked — PAM! PAM! PAM! For when the senator peeked at the cards he got on the next deal he found himself looking

at four lovely diamonds, the eight to the ten, plus the trey of clubs.

There he was with a potential straight flush, open at both ends . . . now if someone just opened. Someone did and five of the six players stayed despite two raises, one of them by the senator. On the draw the senator—no mean actor—played the part of a man unsure of himself, as if his unfortunate series of hands that had been topped had clouded his judgment. He fingered two cards as if to discard them, hesitated, then apparently changed his mind and sliding the trey into the discards turned to the dealer: "One, please," the senator said.

The opener had taken two cards, the next man stood pat and there were two other one card draws. The senator shuffled the card he had drawn into his hand, then spread them tight so just the corners were visible and took a quick peek.

He had caught the jack of diamonds. Any straight flush is a most potent hand and one jack high was very potent indeed. Now if some of his adversaries had just helped the senator could figure that he was in like Flynn. One threw in his hand but the other three stayed.

On the first round there were two raises. The senator saw them but allowed a trace of anguish to show on his face, like a man who saw doom coming but couldn't stir a foot to escape it. He called the raises on the next two rounds and then on the fourth go he not only saw the last raise but tilted it handsomely himself. The pot was of a size now that not only wiped out his previous losses but would show a most desirable profit.

And then it happened. In the next round someone was trying to trim a lighted lamp and dropped it. There was a puff of smoke, then a puff of flame. Someone shouted, "Fire!"

The room where the fire started was between the room where the game was in progress and the stairs.

The players started from their chairs. They were in a panic . . . all but the senator. First things first with the senator.

"Keep your cards," he thundered.

The authority in his voice caused them to obey. At the same time he gripped his cards with his teeth and used both of his hands to pick up the money in the pot.

"Now come one," he ordered and led the men thru the room where flames were beginning to crackle, and then on down the stairs to safety. On the sidewalk he herded the players beyond the group of spectators that had already collected.

"All right," the senator

said, "what have you got?" His dazed companions displayed their hands.

The senator grunted in satisfaction as he read them off, a fullhouse, a flush and an ace-king straight.

"Well, gentlemen," he intoned, as he spread his hand, "it looks like my pot. Now we can go look at the fire. I know you all will agree that we can see a fire most any day but it's not often that one sees a straight flush."

Letter to the Editor

PRAISES N. L. POLICE
Sir: In regard to a Letter to the Editor in last week's New Lenox Press, titled "Criticizes N. L. Police."

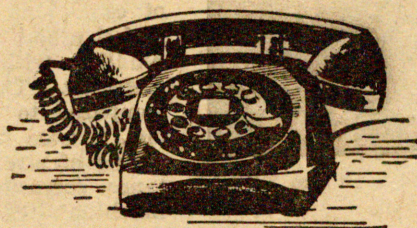

It is my opinion that the New Lenox police force is doing a fine job. Among other things too numerous to state here, they are wonderful to our school children. Not only do they take good care of them, but they are kind, and firm when a firm hand is needed. Does the writer of that letter realize what the salary of a New Lenox policeman is? For what they are paid we should be thankful that we have the wonderful men we do.

Considering the salary does the writer really think they should risk their lives (the burglar may have been armed) to catch a burglar who apparently took nothing?

As for not calling the policemen or volunteers brave I say this "Let he who is without sin cast the first stone." It also takes courage to sign your name to a letter such as the one written and signed by a "Provoked Citizen."

Riverside-Brookfield Cagers Drop Eagles

Blue Island Beats Carl Sandburg When Last Minute Rally Fails

Carl Sandburg went down to defeat for the second time this season before one-time winner—Riverside-Brookfield, 56-38.

If comparative scores mean anything—(some think that they don't), Bremen high school would appear to be at least 20 points better than Sandburg. Riverside-Brookfield's other win came over Argo by four points. Bremen defeated Argo by 11 points. To compare, R-B's 18 point conquest of Sandburg—add seven for Bremen's win over Argo and you get at least 20.

Last Wednesday evening Sandburg just missed its first win of the season, bowing to Blue Island in the last minute of the game, 48-44.

Coach Bill Adams foresees a poor future for his young Eagles. "One man . . . that Jarom beat us the other night (Jarom of R-B netted 27 points for the evening) . . . we need much more hustle . . . we lack the height and so we must run by them . . ."

The Eagles put on a final quarter spurt against Blue Island on Wednesday evening,

but it wasn't quite enough to pull the contest out of the fire. On Friday evening—Riverside-Brookfield just kept building a lead with each quarter. Sandburg managed to outscore the men from the north in the third period and that by a 12-9 count.

Jerry McBride has been Adam's leading scorer in the first two efforts. McBride netted 18 in the opener and added 12 in Friday's game. Don Arnold, however, was high scorer in the R-B contest with 14 points. Will Jarom was high for the game with 27—Riverside-Brookfield. McBride was leading scorer in the opener.

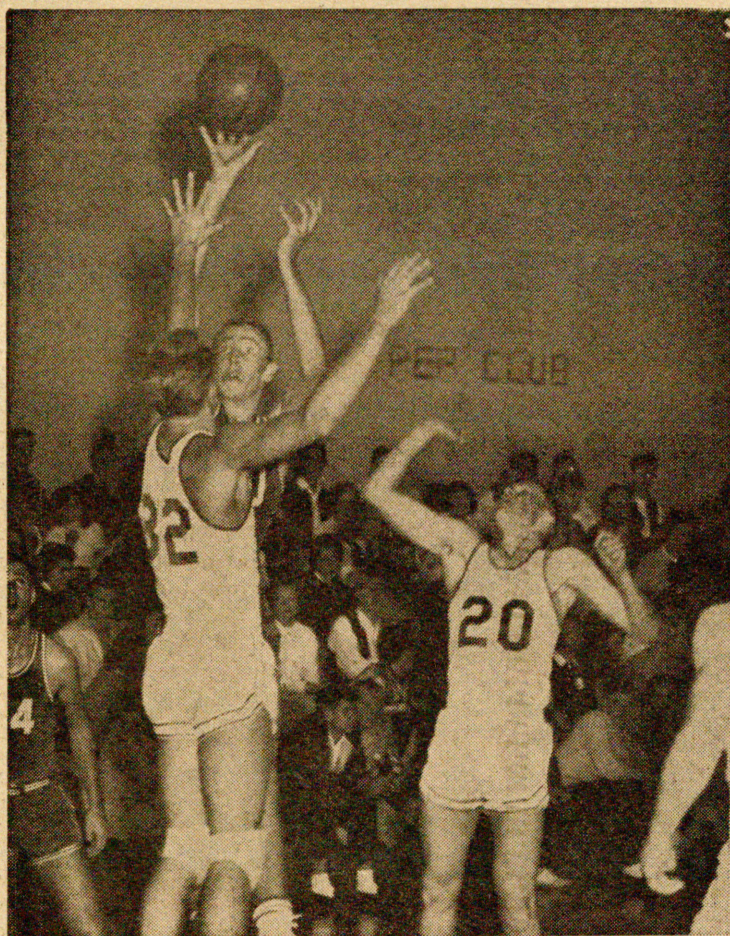

Certainly the lack of height has plagued the large birds from Orland Park. Rebounding percentage has been poor—but the real story lies in the shooting percentage. Marksmanship is something that the Eagles are sorely in need of.

Remember—this (almost) team had a horrendous start as a frosh-soph aggregate and then proved to be a power in

the league. Will history repeat? If lightning is again to strike in the same fashion—Sandburg must sharpen up the accuracy.

The frosh-soph of Sandburg fashioned a split for the weeks work. The young Eagles defeated Blue Island, 32-30. Friday they lost to Riverside-Brookfield by 53-59.

Browsing Through The Cold Stove League

By DEAN DALLAS
Sports Editor

Sixteen-year-old Dennis Tattum of Tinley Park and Bremen high school was named to special mention among full-backs by the Daily News All-State football selections.

This is one of the few honours—probably the most distinguished—that the Bremen high school senior has won over the past football season.

Dennis offers more than scoring punch and extra yardage . . . He offers football. What in football? He is not a two platoon man as many high school players would indicate by their play.

Dennis Tattum

Tattum makes his tackle and blocks well. He knew that his job was not done when the ball-carrying was over, but that there was blocking and tackling to do. This is something which is too often lacking in a good offensive football player.

Rich high school of Park Forest will win the SW Suburban Conference basketball crown and don't look for Bremen or Sandburg before spot number three—and then Bremen. Excluding Rich—league play will be very close this year. Many of the teams appear very evenly matched.

High school wrestling has opened in our area. We will bring reports on the efforts of the high school teams. This sport of wrestling, on the high school level, is or has real spectator interest. There is no resemblance to the TV "grunt and groan", but it is a sharp,

coordinated contest.

Dad, Mom—get the kids out ice skating. Winter and good cold weather is here.

—

New coaches at Lincoln-Way and Sandburg make their debut in the SW Suburban league on Friday evening. Coach Bill Adams of Sandburg will send his short men against the powerful, Joe Kruzick of Lincoln-Way sends his youthful charges against last season's defending champs, Bremen. Things look bleak for the new men. Material is young and in most cases rather short. Can the coach make the team?

All-State selections went out the window in Austin's 20-7 win over Fenwick in the Chicago high school battle on last Saturday. Jack Strobel, highly regarded, didn't live up to the expectations. Mr. Preo, quarterback from Austin High, slighted by the Daily News All-State selectors put on a real demonstration of running a football team. Just how definite an All-State high school team can be is demonstrated here . . . not too reliable. There are two or three variables that contribute to errors in the selection of this squad.

A school with a winning record gets more space and individual attention than a loser. However, losers may have one outstanding player. Note the selection of Ernie Banks as National League MVP. In high school circles—due to lack of sports writer coverage on a general level and coach coverage on a general level—this usually cannot happen—a loser producing the best.

Size of school is another point. Publicity is usually commensurate with the size of the school.

Another is the size of the community that the high school represents. Here again the voice of the newspaper and sports writer is louder for he has more to speak to and for.

Thanks, however, to those who brave the hazards and give us copy to write.

I have no All-State selections . . . No sir. Bremen and Rich will win on Friday night in league openers. Cheerio.

Thornton Fractional Scalps the Braves 58 to 51

It would seem that when the Braves are up they are up—and when they are down—they are down. Just a week ago Saturday evening the boys from Bremen hit the net on 50% of their shots—last week the shooting percentage was less than 30%. Some change.

Somewhat like our weather. One Sunday 66 and the next 10.

Bremen's scoring famine lasted for a full six minutes at one point in the second quarter.

Coach Bill Brown wondered, "Could we have beaten anyone tonight? This is our off night. Probably this sort of thing will not happen again this season . . . Remember we are building and this kind of thing must happen once in a while under the circumstances." He was asked, "Will you concede the championship to Rich?" "No!" was the quick reply. "We are much better than we showed tonight."

"You won't be able to judge our team until after the first of January," concluded Brown.

Brown's men still have much difficulty getting the offensive rebounds. In the lid-lifter with

Argo they got six and that number was increased to eight against Thornton-Fractional. This is still quite a low total. Led by Bill Hoffman, the defensive rebounding has been on a rather even basis.

Saturday evening proved the worth of offensive rebounds. The Braves didn't hit anything like 50% again—with no rebounds—the contest was lost.

However, a gentleman by the name of Totos, shooting from the corner, proved to be the real thorn in Bremen's flesh. Totos ripped the cords with seven baskets—mostly from the corner.

Bremen made something of a comeback in the final period—here the team showed more scrap than they had all year. The game was rather wide-open at this point, but the rebounds were paying off with points.

Jim Mifflin, Braves center, led his team scoring with 15 counter. Jim hit from the field with 5 baskets and 5 free tosses for his total. Jim Mannaoni caged 13 markers. Bill Hoffman finished third with 9. Hoffman has come along

very well for the Bremen team. Bill has shown the ability to keep the team together in the crisis moment. No doubt, he has clinched the fifth birth on the squad, with his excellent early season play.

The Braves begin the defense of their SW Suburban crown on Friday evening at Lincoln-Way High in New Lenox.

Lineup:	
Bremen (51)	
	FG F
Mannaoni	5 3
Mifflin	5 5
Randle El	1 3
Hoffman	3 3
Rodgers	1 0

Kaegbein	2 3
Klein	3 4
Rhode	4 2
Parker	1 1
Totals	22 14
Score by Quarters:	
Bremen	9 9 12 21—51
Thornton F.	10 12 22 14—58

Sandburg Eyes Wrestling Title

Grunts and groans from the wrestling room at Carl Sandburg high school have been heard for several weeks and the tone of these utterances have been music to the ears of head Coach Joe Devine.

The 1958-59 wrestling season could be one of the finest ever chalked up by the Sandburg matmen. Last year Devine piloted the squad to a third place conference finish and respectable showing of 16th in the State meet.

Competing in one of the toughest wrestling conferences in the State, the Southwest Suburban, the Eagles will be facing some of the best wrestlers. Reavis and Oak Lawn high schools are the traditional powers in the loop.

Last year four men from Sandburg competed in the State Finals. Three of these wrestlers are back along with four other returning lettermen. Allen Jaklich, 175 pound—

was beaten only five times last year in 29 matches. His long list of honors last season was topped by a second place finish in the State Finals.

Dave Gibson, 138 pounder took a conference title last year and advanced to the State Finals. Gibson's record last year was 19 and four. Roger Chatlosh, wrestling in the 145 pound class lost only six matches in 27 outings.

Bill Pfeiffer gained a second place at 95 pounds last year in the conference meet, but may move up to 103 pounds this year.

Other fine performers from last year's team that are being counted on for consistent performances are lettermen Tom Miller at 120 pounds, Jerry Gorman at 154 pounds and heavyweight Fred Heij.

Sophomore Ron Semetis, who has a brother now wrestling in collegiate circles, will be giving Miller a real challenge for the 120 pound spot all

year.

Ron Mehling, a transfer student from Reavis is expected to fill the gap at 127 pounds. Tony Uzzardo or Dave Moore will get the job at 133 pounds.

Devine has brot the Sandburg wrestling banner up to this fifth season from the very beginning. According to Devine this group of boys has displayed an outstanding attitude and could develop into one of the finest teams ever produced under the Eagle banner.

Orland Grade Cagers Split at Valley View

The Orland Park grade school basketball teams split a twin bill with Valley View of Lockport last week-end.

The Orland heavyweight outfit won 28 to 15 in the night cap while the Orland ponies dropped the opener 22 to 12.

In the heavyweight encounter the Orlands led 14 to 6 at half. Members of the Orland squad are: Joe Cyrnek, Bob Roeters, Ed Fischer, Tony Karas, Wayne Klotz, Buddy Wright, Rodger Doherty, Danny Libner and Steve Sedgewick.

The lightweight team is made up of Ted Ebeling, Ross Smith, Lonnie Johnson, David Bendler, Bill Van Berschot, Albert Loebe and Tim Sedgwick. A nice turnout of fans followed the teams to Lockport and the school hopes the home games will attract crowds.

Nickel cast irons are a group of cast irons which contain nickel alone or nickel in combination with other alloying elements. These cast irons, compared to ordinary cast irons, possess improved combinations of strength, wear resistance, corrosion resistance and machinability.

was top scorer in the contest with 17 markers. George Fickers of the Catholics followed him with 16.

Ron Gallina, perennial high scorer for St. George, was hobbled by a bad ankle. Ron netted 13.

Last week the Methodist remained unbeaten as they turned on the power to make shambles of Zion Lutheran, 73-34. The high score by the Methodist was near a league record.

The Catholics, looking like a third quarter team, defeated Trinity Lutheran, 50-40. St. George scored a total of 21 points in the third period. The Methodist opened with a 21-point first period blitz and were never near the danger zone. In fact—everyone saw action for the Webstermen.

Wes Landau was high scorer for the game with 20 points. Landau performs for the Methodist. Wally Eggert netted 15 for Zion.

St. George, on that third quarter, rolled to its third win of the season and continued in the second place spot.

Ron Gallina, Catholic forward, scores 20 points tops for the contest. Bill Schultz of Trinity Lutheran was close behind with a total of 18 markers.

St. George 2nd in Church League

St. George beat Zion Lutheran in a real thriller to maintain its hold on second place, 49-44. The Nazarenes moved into third place in the Tinley Park Church Basketball league by defeating Trinity Lutheran, 56-46. The league-leading Methodist team was idle.

Donley King, registering the best individual scoring effort of the season, sparked the Nazarenes in a second half scoring drive that beat Trinity Lutheran in the evening's opening game. This victory moved the Nazarenes from fourth to third place in the league register.

King hit for 24 points.

The half found the Lutheran's behind by 23-21. Bob Culp and King were good for three baskets apiece, as the 171st streeters sped away to a big lead—outscored the opposition—18-7. After that it was a foregone conclusion.

In the second half of the double header—Zion Lutheran played its best game of the young season. If Zion continues to improve at this rate—league play will tighten much more.

Zion led at the half, 18-16. However, on the strength of George Fickers' shooting, in the third period, St. George managed a 5-point lead. George scored eight points in these eight minutes.

With a minute and one-half to go Zion had battled back to within one basket of the Catholics. Wally Eggert netted a close up shot to make it 45-43. Fouls marred the final seconds and the Catholics capitalized on them to gain the winning margin of 5 points.

SW Suburban Opens Friday Night

Sandburg to Test Rich Rockets; Lincoln-Way Will Meet Bremen

By DEAN DALLAS
(Sports Editor)

And they all together, with one accord, began to pick Rich. Friday evening at 6:45 p.m. the SW Suburban League opens for everyone. Rich is made favorite by league coaches.

Bremen, defending champion, is traveling to New Lenox for the season's beginning. Carl Sandburg entertains Rich, picked to dethrone the Redmen from Midlothian.

All the teams will be larger this year, with exception of Sandburg.

Coach John Meson of Evergreen Park feels, "No one will push Rich. In my opinion there will be a battle royale for second place." This sentiment was echoed by most of the league mentors.

One exception was voiced. Bill Brown, Bremen's brain suggests, "One should not count Rich in. They are very good, but remember my boys defeated them as frosh-soph."

Coach Bill Adams, of Sandburg, thinks that Bremen holds the only possi-

bility of stopping Rich—poorly equipped champions of the SW Suburban Conference.

Rich defeated Kankakee handsily, 61-49 and then dropped a close 4-point decision to Downers Grove. Downers Grove is highly regarded and has, no doubt, one of the best ball players in the state. So Rich even looks tough on paper.

Reavis, tail-end of last season, doesn't open with a conference foe come Friday evening. They draw the bye in league competition. Coach Massie expects improvement.

"We are starting a team that lacks 'real' experience, but we will have substantial height. Actually we will not start a man under six-foot."

Jim Sakolosky and Jack Sakolosky, brothers, 6'2", will start at the forward positions for Massie. Harold Piguch, at 6' will open as pivot man. Don Mulack and George Vogt, both at the 7'2" line will be the backcourt men at Reavis. Bob Lemonier will be the number one reserve. Ken Natale and

Pete Musza are both excellent prospects and will see plenty of action.

Reavis opened its season on Tuesday evening with Thornton Fractional. Reavis defeated Fractional, 56-49. This should give some indication as to what one can expect.

Coach Joe Kruzich of Lincoln-Way announced some lineup changes for the opener with Bremen on Friday. After two last second losses, Kruzich has changed his front wall.

Tom Peterson, usually at forward, will move to center. Bill Seavertson, a junior, will take Peterson's old forward job.

Kruzich finishes with a real shake-up. Son "Skip" has been moved up to the varsity and will start at one guard position. Skip, a sophomore, has scored 30 points for his two varsity games.

"If my boys will scrap... we will make life miserable for many teams. We should have won both of our first games," mused the L-W coach.

Evergreen Park has pleased its coach John Meson, with a victory over well regarded Elmwood Park, 70-66.

E. Park will show plenty of height up front. John Jenner, Jack Ethell and Tony Rodghier are all 6'3". At guard Meson can call on last year's top frosh-soph scorer in Dick Whittington a 5'8" junior. John Lepore has looked good at the other guard post.

"We will give them all trouble, but our defense will finally defeat us," explained Meson. "Our big men are good, but they can only play one type of basketball and that is slow. We just haven't the same maneuverability as Rich's big men. Look for us near the top."

Bremen looked rather good against Argo, but then last Saturday evening dropped a rather close game—a poorly played one—to Thornton Fractional.

Coach Brown is on the verge

of some wholesale changes, unless his men begin to give the kind of basketball they are capable of. "We plan some shake-up for Friday's opener, but it will be a position change more than a personnel," reported the Braves mentor.

That means that Jim Mifflin will start at center. Mifflin has notched 31 points for the season. Jim Mannaoni and Bob Rodgers will probably be forwards. Jerome Randle El and Bill Hoffman will control the back court. Hoffman's improvement certainly make the Braves a real possibility to repeat as conference winners.

Brown has no doubt of conceding to Rich. "Let everyone pick them. (Rich) but they (Rich) still has to win the games. My boys will give them (Rich) a game... in fact a good one. Other teams might stop the mighty Rockets, too!"

Carl Sandburg High School will no doubt dress the weak-

est team in the history of its basketball life. Coach Bill Adams has a short, young team. Last week the Eagles dropped two engagements and demonstrated a real need for shooting accuracy and polish.

Adams plans to use sophomore Duane Erickson much more than he had originally planned. "In fact, Erickson may start," reported the Eagle coach. Phil Yurtis and Bob Snider, both seniors, are still stationed at the forward position. Don Arnold and Jerry McBride have proven to be Sandburg's scoring punch.

Adams hopes for a few victories. "We could have an extremely bad season... Just have to get the hustle and shooting up," finished the Eagle varsity coach.

The only other man to suggest that Rich may have its troubles coping the SW Suburban championship is Joe Walton of Oak Lawn High. Joe had no comment to make, but indicated by his silence that he was sure that Rich shouldn't count the letters on the trophy.

Walton's Oak Lawn team handily disposed of Blue Island, 48-34. A few days later they were beaten, 46-44 by Argo in double overtime. However, it is a fact, that Argo is

Lincoln-Way Acquires Bad Habit; Loses 2nd Game in Final Seconds

Close games are fine—but they are not good or fine when you lose—ask Lincoln-Way high school basketballers.

For the second week in succession the Knights dropped a contest in the final seconds of play. The games were hard fought, but that roundball slithered away at the right moment for Lincoln-Way.

Peotone overcame a four point lead with less than a minute to go. Last week Plainfield came from behind in the last 30 seconds to stop Kruzich's boys.

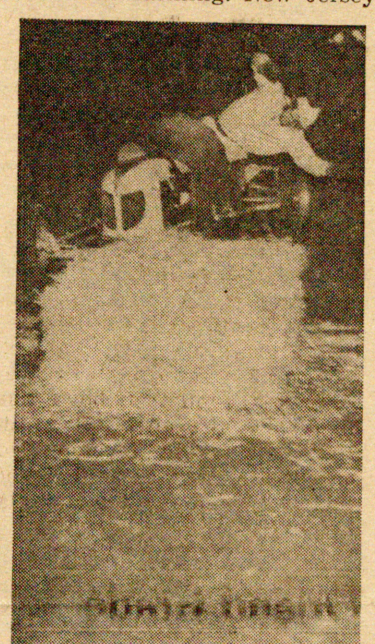

"Chalk it to inexperience," groaned coach Kruzich. "We're going to learn by our mistakes. Look... If my boys will scrap we may just do better than I had hoped at the season opening," the Lincoln-Way mentor said.

"Don't expect too much," he finished, qualifying. Actually, a thrilling comeback was nullified last Wednesday at New Lenox. Peotone has blitzed the Knights in the first half for a lead of 27-20.

What Kruzich mentioned at the half is not known, but something resulted and the L-W cagers ripped the Peotone defense with 19 points to capture a lead of 39-31.

Then the bad habit showed its face. Seconds to go and the score L-W 47, Peotone 43. Peotone stole the ball from Jerry Haehnlein and scored. Larry Ivema's missed jump shot became a Peotone basket and the winner.

The Blond Flipper

By DEAN DALLAS
(Semi-Pro Sports Editor)

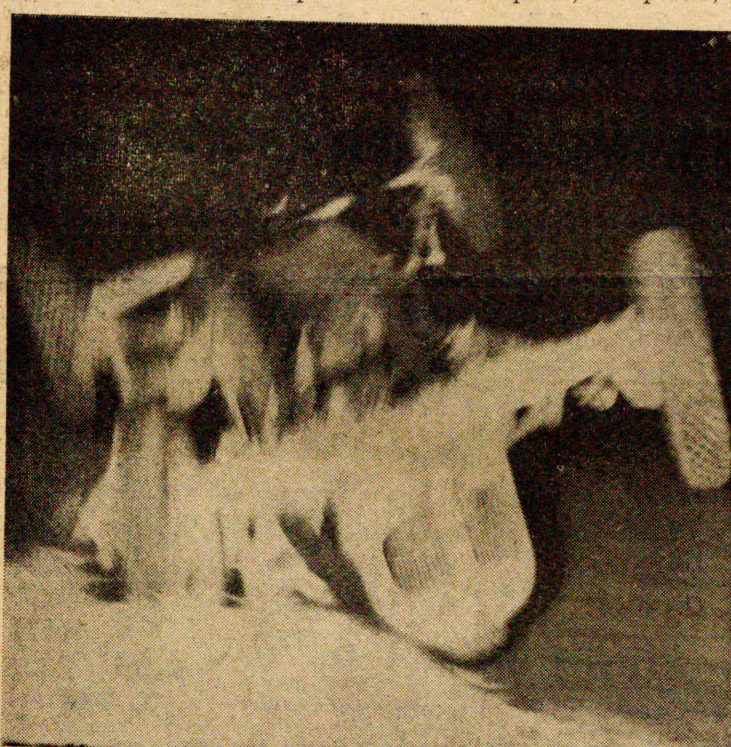

Tony Bettenhausen was announced to the racing fans as a driver for the first time at the 124th FA Armory at 52nd & Cottage Grove in Chicago, Illinois, Jan. 30. Tony was in his own motorcycle powered, No. 2, midget racer.

The track was 10th of a mile. The track was indoor and was lined with bails of straw. Probably, the straw was a reminder to Tony that he must do well to escape the

help. But rubber and rubber don't meet like steel and steel. The blond charger in No. 2 was up in the air, over—why didn't he drop out? Then No. 2, with farmer Bettenhausen, bounced upon a bail of straw and back up on all fours. The farm was quite good in producing such things as straw.

Christened Melvin Eugene—then Tony and now he was "flip" to the race drivers and pit men.

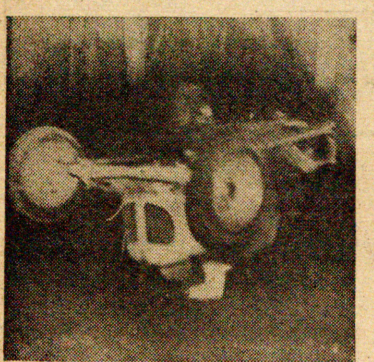

How the name Tony? The common place, the placid, the

hated farm—for he drove like it.

There were 45 entries and the Tinley Parker finished 8th in the time trials. In the heat race, Tony followed the late Jimmie Snyder and finished second.

Handicappers were really the feature of that day! Bettenhausen, and car No. 12,

qualified for the handicap of the 12 fastest cars that evening.

"It was easy to follow Snyder in the regular heat race, but in the handicap I was back fifth to start," reported Tony. "We started fast, and I meant to win."

Cock-sure, just like the day he tore down old No. 2, Tony tried to give Jim Rans, driving a green car—No. 77, a little

normal, the expected, were not really a part of Melvin Eugene's personality.

Jack Dempsey and Gene Tunney were the great boxers of Tony's day. Tony had to box as well as watch car races. An old scale at the Bettenhausen farm provided the ring. After acquitting himself well—in sort of brawls with the neighborhood "buddies" he was named, "Tunney". Later this was shortened to Tony.

Four more indoor meets in 1938 proved to be a learning process for Bettenhausen. He didn't win anything.

Nutley, New Jersey changed the old Nutley Velodrome (a bicycle pace track) to a midget track. Back east drove the Tinley farm lad.

Here he met and traveled with Duke Nalon. Duke and Tony made a team of race driver and mechanic.

March 21, Nutley, N. J., Tony began his first outdoor race. He did little more than that. A couple spurts around the bends, and a few scampers down the straightway and Bettenhausen found a weak-point in the retaining wall. He hit the wall so hard that the

extremely tough at home.

Oak Lawn will floor a big team. Henry DeVries will start at center and stands 6'5". Forwards Ron Rademacher and Forrest Dill are both nearly 6'3". Not bad... this forward array. Tom Schultz, one guard is 6' and the other is a shorty on this outfit. Art Borkowski at 5'9". Watson also has height on the bench. Hart Bergien matches DeVries in stature. Warren Keneipp and Dick Hendricks, first and second reserves are both over the six-foot mark.

"I'm satisfied to date. Yes, I'm satisfied. Maybe we will do some better," ventured the fight tipped mentor.

RICH will probably be first and not last as in this story. The Rockets from Park Forest will counter with last season's third place outfit. Other teams in the conference have been moulding new teams while Burkhardt has been drilling that same five.

Larry Gorman and Phil Wagner are two names to

"A good sermon helps people in a couple of ways: Some rise from it greatly strengthened; others wake from it refreshed."—Rochelle News.

watch for. However, Don Drage has been the key to Rich's early season success. Drage has 20 against Downers Grove. Bart Zeller and Lin Mautz will start at the guards. Gorman, Waner and Drage average out at 6'4"—here is height for a high school team.

Coach William Burkhardt expects his boys to improve. "Wagner looks worse than last season. We have won our games on outside shooting. The outside shooting has been rather spectacular for this early in the season."

"We are going to win the SW Suburban Conference," Burkhardt flatly stated. "Reavis has its best team in the school's history and if Bremen jells—which is probably sometime away—the battle for second may be between them," he finished.

Reports from the Rocket practice indicates that Wagner and Gorman are shaking themselves. Carl Sandburg will be in for a rough engagement on Friday, Dec. 5.

Orland Junior Woman's Club to Have Annual Gift Exchange Dec. 8

The Orland Park Junior Women will hold their December meeting Monday evening, Dec. 8, at 8 o'clock, at McKenzie's restaurant.

Mrs. Victor Ebeling, program chairman, and Mrs. Ivo Mersmann, co-chairman, are making plans for the annual Christmas Party which will follow the short business meeting. Christmas gifts will be exchanged among the members and guests, and all are asked to bring stamped Christmas cards to be sent to veterans.

A festive buffet served by Mrs. Merrill Cooper, Mrs. James Whiteford, Mrs. Robert Miske, Mrs. Oscar Enk, and other assisting ladies will conclude the evening. Mrs. Ebeling asks that members notify her of the guests they have invited so plans may be made accordingly.

Mrs. Donald Craemer reported a total sales of \$64 on the trick or treat candy which was sold in October to benefit the Brain Research Foundation. She also asked for volunteers to help with a Christmas party at the Oak Forest hospital to be held Dec. 17 at 1:30 p.m. Those who can assist, please contact Mrs. Craemer, philanthropy chairman, at Fieldbrook 9-0165.

A final report given at the Nov. 10 meeting by Mrs. Kenneth Bressler, chairman of the nursery school project, mentioned that there was a profit of \$28.88 over and above the expenses of operating the school, although this is not a money-making project. The nursery school is sponsored by the Junior Women for the purpose of benefiting the community by providing pre-school children with the advantage of obtaining group participation activities, and training, prior to first grade.

A sewing contest under the sponsorship of the General Federation of Women's Clubs will be held in the spring, and members of Orland Park Juniors planning to enter the contest should buy their Vogue Patterns now and be prepared to submit their finished garments for judging in April. Costumes suitable for wear by

the active clubwoman will be entered in this nation-wide contest which will award many valuable prizes. For full details, contact Mrs. George Johnson, American Home Chairman.

Mrs. Johnson asked for donations of doll clothes, baby things, and other hand-made items to be sold at the Bazaar given by the Third District Junior Woman's Club on Feb. 13 at the Roosevelt School in Dolton. Everyone is urged to attend the bazaar, as many gift items will be available.

Veteran's service chairman, Mrs. Victor Ebeling, reported that although the cookies so generously donated by the club members to be sent to servicemen in Alaska did not reach that destination, they were taken instead to the Chicago U.S.O. where they were most welcome for the parties given for the servicemen.

The program arranged by Mrs. George Johnson for the November meeting consisted of a toy shopper's sale, and many novel and attractive toys were presented by Mrs. Phyllis Swahn. An amount of between \$12 and \$15, which was a percentage of the total sales, will be used to augment the Christmas Party allowance this year as there are many new members since the budget was planned. Refreshments of homemade pumpkin pies, coffee, etc., were provided by Mrs. Harry Steinfatt, Mrs. Ernest Bengston, Mrs. Wm. Horton, and Mrs. Billy Clark, hostesses for the November meeting.

Attending the annual Third District fall luncheon Nov. 15 at Mickelberry's restaurant in Park Forest, were Mrs. Oscar Enk, Mrs. Billy Clark, Mrs. Donald Craemer and Mrs. James Whiteford.

Mrs. Oscar Enk, President, and Mrs. Charles McKinley attended the Third District meeting held Friday, Nov. 21, at Ridge Park Field House at 96th and Longwood dr. in Chicago. Mrs. McKinley very kindly took notes on the press conference, and represented Mrs. Wilbur Eckel, Publicity Chairman, who was unable to attend.

Couple Wed in Markham Lutheran Church Now Living in Tinley Park

Alice Mae Albright, daughter of Mr. and Mrs. Charles Albright of Tinley Park and Richard Allen Hopman, son of Mr. and Mrs. John W. Hopman of Markham were united in a double ring ceremony on Nov. 22 at 5 p.m. in the Tinley Park Methodist church, with Rev. Kenneth Crandall officiating.

The bride was lovely in an ivory brocaded waltz-length gown and tiny white feathered hat. Her sister, Diane, was her only attendant. Her gown was of emerald green taffeta with tiny feathered hat to match. The groom was attended by his brother Ronald. Parents of the couple attended the ceremony.

A family dinner was given at the bride's home for members of both families. A four-tier wedding cake was cut by the bride and groom with many good wishes coming from the guests as they enjoyed the family fellowship.

The happy couple are at home at 17226 Oak Park ave. The bride is employed at Bremen State Bank and the groom at the Rock Island railroad.

BAKE SALE
The Woman's Auxiliary of St. Boniface church, Tinley Park, will hold a bake sale in Cavett's Drug store, 171st and Oak Park ave. on Saturday, Dec. 6 from 10 am. until noon.

Frankfort Woman's Club To Hold Gift Exchange Dec. 5

The December meeting of the Frankfort Woman's club will be a Christmas party with gift exchange and a program. It will be held at 7:45 p.m. Friday, Dec. 5, in the village hall.

Mrs. Erich Bizer will preside. Hostesses are Mrs. Walter Hedges, Mrs. Con Wieringa, Mrs. Alvin Krumwiede, Mrs. Ralph Dralle, Mrs. Walter Schoen, Mrs. Wendell Morrison, and Mrs. Claude Otto.

"When a man says that he sees eye to eye with his wife, it means that his vision has been corrected."—The Woodhull Dispatch.

SILVER CROSS HOSPITAL
JOLIET-ILLINOIS

announces

PRE-ENTRANCE TEST, JANUARY 3, 1959

For literature, further information about the School of Nursing, and application blanks, write or telephone:

Director School of Nursing
Silver Cross Hospital
Joliet, Illinois

THE ENGAGEMENT of their daughter, Nancy Margaret, has been announced by Mr. and Mrs. Harry E. Schneider of Palos Park, to William T. Harding, son of Mrs. Richard Harding of Tinley Park. Miss Schneider is a teacher at Bremen Community High school.

Mothers Club At Sacred Heart Aids Orphans

Christmas gifts for the youngsters at Guardian Angel home, Joliet, were collected Tuesday at the regular meeting of the Mothers club of Sacred Heart high school. The club met in the gymnasium of the school, which is located east of Mokena.

The gifts were for age groups ranging from infants to 15, and each was so marked.

The speaker at Tuesday's meeting was Father Alphonse, the school chaplain.

Although the Mothers club is a new organization it has been functioning well under the leadership of Mrs. Arthur Marshall, the president, and the meetings are well attended.

Women who have volunteered as room mothers and their assignments are: Mrs. Olive Weibel, freshmen; Mrs. Julia Bartkowiak, sophomores; Mrs. Dorothy Wethers, juniors and Mrs. Anne Dotts, seniors.

Mrs. Vanden Burgh, elected program chairman, has agreed to serve as head of the ways and means committee and Mrs. Dorothy Richardson will take over the duties of program chairman.

"A couple of men from Mars descended in a flying saucer and emerged. They looked up at the top of an apartment house and saw a flock of TV antennas. 'Hey, you kids,' one hollered, 'get down off that roof!'"—Beecher City Journal.

St. Jude Women Enjoy Display Of Antiques

At the November meeting of St. Jude's Altar and Rosary society, New Lenox, Mrs. Ludwig Thiel of Mokena gave a demonstration and talk on "Let's Enjoy Our Keepsakes". She displayed several of her beautiful antique pieces in group settings to illustrate her talk, which was thoroughly enjoyed by all attending.

Prize winners for the evening were: Josephine Rieber, Mabel Reiter, Jean Wilkosz, Alice Archibald, Bea Tarrant, Beth Chesko, Mrs. George Rinke, Laura Sims, Ione Zusag, Pat Merfeld, Cele Hasibar, Delores Wilsterman and Dorothy Bogdan.

Hostesses for the evening were: Antoniette Skvorc, Mabel Reiter, Anne Smith, Josephine Rieber, Jean Wilkosz and Delores O'Neill.

The December meeting will be a Christmas party on Dec. 16 with a potluck supper at 6:30 p.m. and a gift exchange. All ladies of the parish are invited to attend, and each member of the Society is asked to bring a prospective member with them.

Royal Neighbors Christmas Party Set for Dec. 9

The Royal Neighbors of America, Dew Drop Camp 2023 of Tinley Park, received a new member, Kay Layton, into the group at the business meeting Tuesday in the American Legion hall.

Plans for the Christmas party to be held Dec. 9 are being made by Leila Moss and her committee. All members are urged to attend and bring a gift for the grab bag with their name enclosed.

Lena Wright, Victoria Bender, Lottie Rasmussen, and Juanita Semlow gave a surprise party for the members. Refreshments were served and a social hour enjoyed.

Sue Yung, Tinley, To Marry Airman

Mr. and Mrs. Henry L. Yung of Overhill ave., Tinley Park, announce the engagement of their daughter, Sue, to George E. Sherby, son of Mr. and Mrs. Edward Sherby, of Ocean City, N. J. He is with the Army Air Defense Command and group stationed at Colorado Springs, Colo.

The coming marriage of their son, Airman 2-C Paul Peschel, to Sylvia Sullivan in England on Dec. 6.

Legion Auxiliary Seeks Gifts For Hospital Patients

Orland Park Unit 526, the American Legion Auxiliary will meet at the home of Adele Cooper, Friday evening, Dec. 12 at 8 p.m. Following the business, a Christmas party with a gift exchange and program will be held. Each member is asked to bring a 50 cent gift for the exchange.

Mrs. Christina Horn and Dorothy Thoms will assist with refreshments.

Lilah Kruspe, rehab chairman is asking for gifts for the patients at the Tinley Park State hospital, where she is a volunteer worker every Friday. Gifts can include small tubes of toothpaste, face powder, hankies and even candy bars. Bring your gifts to her as soon as possible, as they have to be wrapped Dec. 12.

Tinley Man To Wed In England Saturday

Mr. and Mrs. Robert LaForce of 176th and Ridgeland ave., Tinley Park, announce

ENGAGED—Mr. and Mrs. William Knieriem of 16 Walnut st., Frankfort, announce the engagement of their daughter, Carol May, to Wayne W. Hossback, son of Mr. and Mrs. Henry Hossback, also of Frankfort. A June wedding is being planned.

St. George Altar And Rosary Society Plan Yule Party

The Altar and Rosary society of St. George church will hold a Christmas party at the Dec. 8 meeting. Secret pals will be revealed. Members not having a secret pal are to bring a grab bag gift. Santa will make his appearance.

Mrs. Lauretta Burke, president, will open the business meeting with a prayer to Our Lady of Good Counsel.

The I. C. Chorale will furnish entertainment. They are a group of well known singers and always much enjoyed. Every member is expected to attend and bring a friend or two.

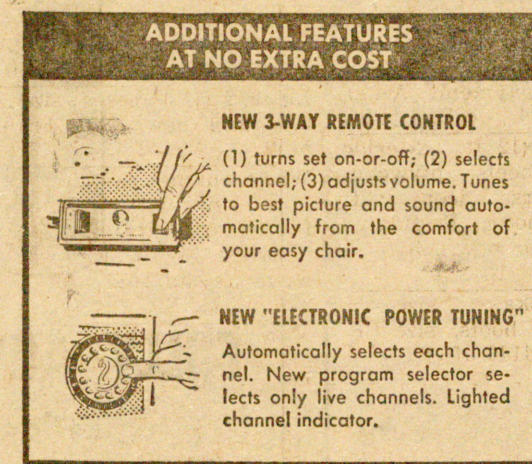

Refreshments will be served by Mrs. Alice Ficker and committee. Tables will be decorated in the Christmas motif.

Homer Couple Observe 57th Anniversary

Mr. and Mrs. Erwin Lynk of Homer marked their 57th wedding anniversary on Thanksgiving Day with a quiet celebration in their farm home on Maple rd., where Mr. Lynk was born 80 years ago. His fa-

ther, Stanton Lynk was one of the early settlers. Mrs. Lynk is the daughter of the late Mr. and Mrs. Acker Huland. She is the twin sister of Mrs. Edna Mergler of Homer.

Only the immediate family was in attendance to help the couple celebrate. They are Mr. and Mrs. Dohmer Korista and their children, Karen and Stanton. The latter, a student at Bradley College in Peoria, was home for the holidays.

New Lenox Lutheran Church Men Join in Plans for Area Dinner

Dr. Everett Mitchell, NBC's veteran farm commentator, and an outstanding Protestant layman, will be guest speaker at a banquet to be held at Faith Lutheran church, Joliet, on Jan. 29, sponsored by the men's organizations of nine Lutheran churches in the Joliet area. Dr. Mitchell, whose cheery "It's a beautiful day in Chicago" has been heard by early risers for the past 25 years, has travelled thru 48 countries in the last four and a half years.

The banquet, which is expected to bring several hundred Lutheran men together for the first time, was conceived that there might be developed a sense of fellowship among those in the Joliet area with a common spiritual heritage. The affair is to be known as a festival of fellowship.

Participating Lutheran churches are Bethlehem, Faith, First, Hunter Avenue, Our Savior, Theodore Avenue, Trinity of Lockport, Trinity of New Lenox and Zion of Lockport.

Otto G. Wiegert of Trinity Lutheran church, Lockport, and chairman of ticket sales, states that tickets will be available early in December and total sales will be limited to 300. Allocation of tickets available to participating congregations will be prorated according to memberships.

According to Donald K. Roath, Hunter Avenue Lutheran church, the arrangements committee has arranged with the women of Faith Lutheran church to serve the banquet. The publicity committee under George Jerabek of Trinity Lutheran, Lockport, is preparing display materials, bulletin inserts and letters to publicize the event.

One of the features being planned for this event is a massed male chorus with members drawn from participating churches.

New Lenox Lions Seek Help For Needy Families

The New Lenox Lions club aids needy families in New Lenox township at Christmas by providing food, toys, clothing and Christmas trees.

President Frank Goetschel has appointed Roy Pfeister and Glenn Vally co-chairmen of the Christmas committee.

Lions are asking for usable clothing especially children's clothing; also used toys or new toys if you wish to donate them. If anyone has anything to donate they are asked

Life Resident Dies Following Long Illness

Funeral rites for Mrs. Frieda Steinborn, a lifetime resident of this area, were held Friday, Nov. 28, at St. Paul's Evangelical Lutheran church, Tinley Park. The Rev. John Peterson officiated and burial was in the church cemetery.

Mrs. Steinborn died Monday, Nov. 24, at St. James hospital, Chicago Heights, after a lingering illness.

She was born Nov. 1, 1889 in Rich Township and lived at Vollmer rd. and Harlem ave.

She is survived by her husband, Henry, four daughters, Mrs. Nellie Hentsch, Frankfort, Mrs. Edna Manzke, Tinley Park, Mrs. Clara Yunker, Mokena, and Mrs. Mildred Radigk, Peotone, also three sons, Elmer and Wilmer, both of Tinley Park, and Arthur of South Chicago Heights.

Other survivors are two sisters, Mrs. Minnie Becker, Monee, Mrs. Olga Kampe, Matteson, and four brothers, Henry, George, Herman and Ernst Blume, all of Matteson, and 12 grandchildren.

WILL COUNTY

(Continued from Page 1) in a 130-home development on the south side of U. S. 30 on the east fringe of New Lenox. Benedict and Helen W. Martin for a B-1 for a greenhouse on the south side of U. S. 30, across from and east of Lincoln-Way high school.

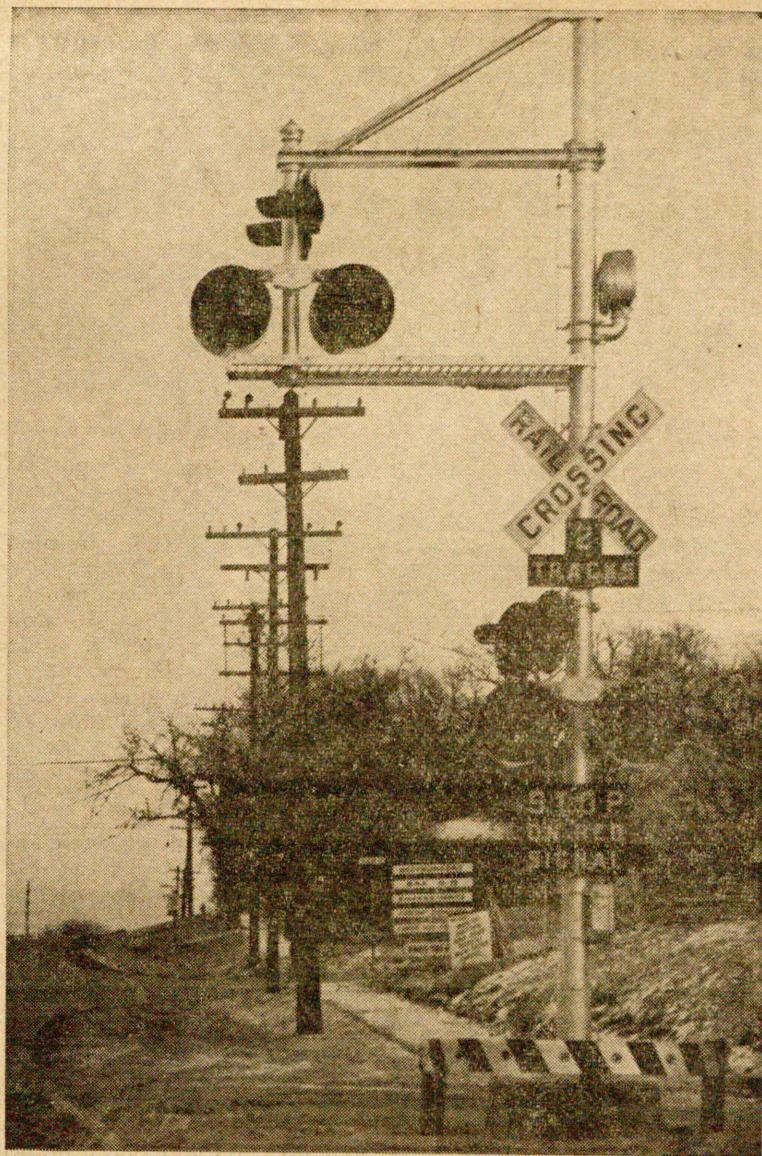

The Will County 4-H Junior Fair Association for a B-1 for concession stands on the northside of Francis rd. across from the Francis homestead. The land was donated to the association as a place for it to hold its annual farm fairs. Roadways have been cut into the site.

One of the cases deals with a variation for a sign set back granted Robert W. Loftus who is planning an oil station on Wolf rd., north of Mokena.

Stanley Swider, of New Lenox and Frank Recchia are listed as the contractors for a \$100,000 20-unit motel to be erected near Plainfield at U. S. 30 and Ill. Rt. 126.

The board also gave approval to the request of Dr. John B. Bellucci for a B-1 for a motel at the intersection of U. S. 30 and Wolf rd.

to leave it at Glenn Valys, 630 No. Cooper rd.

AT LONG LAST, as the authors of melodrama frequently sum up a situation. This picture is not concerned with a dramatic situation but it does show an accomplishment resulting from years of talk and reams of written words by the Orland Park village board to make the 143rd street crossing of the Wabash railroad a safer place. Cantilever arms carrying warning lights extend out from the poles and over the street and thus are more easily seen by motorists approaching the crossing. Previously only the lights on the poles were used and in daylight it was difficult to tell if they were working. The village board has been trying to get safety gates for the crossing but the Illinois commerce commission holds that inasmuch as the Wabash has become a one mainline railroad thru Orland Park no gates are needed. The new cantilever lights help a lot, is the general opinion. (Marvin Smith photo)

BOARD CITES

(Continued from Page 1) posed east-west wing. The library is more than double the size of the present library, allowing for shelving for 20,000 books. A Carl Sandburg Room for the works of the great American poets and adequate work and storage space for books and magazines is also provided.

With very few exceptions, every student enrolled at Carl Sandburg is enrolled in a physical education class. This means that as the intended capacity of 2,000 students is reached, the present facilities will not be large enough for the 1,000 boys and 1,000 girls taking physical education every day. Therefore, a swimming pool capable of handling approximately 450 students daily will not only provide space for more students, but will enable the department to offer a more complete program.

The natatorium is to be located at the southwest corner of the present building with outside entrances, allowing the facility to be completely isolated from the rest of the school. Altho details have not been worked out as to the extent of public use, the Board of Education's broad policy will allow the use of the pool under supervision when such use does not interfere with the school program. It is anticipated that the pool will be open for use by the citizens of the school district during the summer months when school is not in session.

In addition to the special facilities heretofore described, ten conventional classrooms are included in this proposed program. If the referendum receives approval of the voters of District 230, the completed Carl Sandburg high school will have the following educational facilities: seven mathematics rooms, eight science laboratories, one science classroom, seventeen English and speech classrooms, five business education classrooms, one library, two gymnasiums, two art laboratories, one swimming pool, six social studies classrooms, two study halls, one lecture room, two music rooms, four home economics laboratories, six foreign language classrooms, four industrial arts shops and one industrial arts classroom.

The first big wave of high post-war birth rate students will reach high school in the fall of 1960. They are now in the seventh grade of our underlying elementary schools. If the proposed addition is approved, it is expected that bids will be taken the latter

Prize Winning Pheasant Tail is 25-1/2" Long

Hunters around New Lenox had an added incentive to bag good sized pheasants by entering a contest sponsored by Ray Reims Hardware store, New Lenox.

Prizes were awarded to four whose aim tagged pheasants with the longest tail.

The first prize winner was George Dowle, who submitted a pheasant tail 25 1/2" long, and received a gun case. Chris Kruspe won second and third prizes, a sportsman lantern and fly-tying kit, for tails 23 3/4 and 23 5/8" long. The fourth prize winner, Bob Allen, also submitted a 23 5/8" pheasant tail and was awarded a box of shells.

The prizes were awarded by the hardware merchant. Interest and excitement ran high during the hunting season as pheasant tails were brought in, recorded, and displayed on the wall of the store.

Radio Catches on Fire; Destroyed

A radio was completely destroyed when it went on fire in the Emil Wille home in Lincoln Estates last week.

The Willes express appreciation to the Frankfort fire department for extinguishing the blaze and credit their promptness in extinguishing the blaze, that no further damage was suffered.

MOKENA LIONS

The Mokena Lions club, which has been holding its dinner meetings at St. Mary's social center will be unable to meet there tonight, it was announced by those in charge. Instead it will meet at the Arch Inn, U. S. 30 and Harlem ave., at 7 o'clock. The next meeting will be held in the social center.

Christmas Seal Sale Returns at 30% of Goal

Returns in the annual sale of Christmas Seals to finance the fight on tuberculosis show that in Will county about 30 per cent of the \$12,000 goal had been reached by noon of last Saturday, Nov. 29. In dollars and cents the figure was \$12,874.95.

Contributions from the town ships in this area included in this sum are: New Lenox, \$390. Frankfort, \$352.75; Manhattan \$166.50; Homer, \$106.50; Green Garden, \$30; Lockport \$1,393.30.

Those in charge of the campaign distributed coin containers in various business establishments throught the county last Saturday. This will enable persons who did not get seals thru the mail to make donations. Most persons received seals in the mail but there may be some, it was said who are not on any mailing lists.

It is the hope of those in charge to reach the goal by Christmas. Persons who have forgotten to send in their contributions are asked to do so. No personal solicitation is made.

can you depend on "doorstep drugs?"

We think not. Medicines you buy from door-to-door peddlers may be good for something... but chances that they'll help you are slim indeed.

Ask yourself these questions: Is the medicine formulated for my needs? Will it do for me what I want it to do? Very likely the answers are... NO!

So always let your physician diagnose for you and prescribe the medicines you need. Then let us supply the medicines he recommends. Our prices are always fair, and you get the finest products scientific medicine has developed.

Summarize Amendments Made To Social Security Law This Year

SUMMARIZED 2-24 Inside
(Editor's note: This is the last article of a series explaining the changes made in the Social Security Law as amended in 1953. This is a summary of the changes.)

The new amendments to the Social Security Law will affect almost every American family. The amendments will bring higher benefit checks beginning in February, 1959. The average increase will be seven percent. Payments to retired workers age 65 or over range from \$33 to \$116. Payments to those receiving benefits as dependents and survivors will also be increased by amounts up to seven percent. However, where several members of one family are receiving payments, each person may not get a full seven percent increase. The maximum payment to a family will now be \$254. You do not need to make an application for the increase.

The amendments will also increase the social security tax for employers and employees to 2 1/2 percent each. The rate for self employed people will be 3 3/4 percent. Also earnings up to \$4800 will count toward social security benefits and the social security tax will be paid on earnings up to that amount.

The new amendments have made it possible for dependents of disabled workers to get social security benefits. Disability payments have been payable to disabled workers 50 to 65 years of age since July, 1957. Now the payments can be made to the disabled persons children who are under 18, or who have been totally disabled since before their 18th birthday and to his wife regardless of her age if she has in her care children who are eligible for these payments. Also the wife of a disabled person can qualify for benefits if she is 62 or older.

Woman's Club Plans Yule Party In Joliet Dec. 11

By VIRGINIA SASS
New Lenox 3133

The Marley Woman's club will hold their annual Christmas dinner party at the White Chimney Restaurant, West Jefferson st., in Joliet, Thursday, Dec. 11. Dinner will be served at noon. Members are to reveal themselves with gifts to their secret pals. A Christmas program will be presented under the direction of Mrs. Charles Sievert. If any member cannot attend, she is to notify Mrs. Loren Sass before Dec. 6, otherwise the reservation will be turned in for her.

Cancer Society Tells of Great Need for Medical Technologists

The American Cancer Society, Illinois Division, Inc., has again launched a new educational program for schools with the hope in mind of interesting more students in the field of technology. 50,000 more skilled Medical Technologists will be needed by 1960 with the present rate of expanding use of laboratories in diagnosis of medicine. Key people in helping to solve this problem by encouraging students to take a technologist's training are the instructors in secondary schools, guidance counselors, teachers of biology and science.

A dinner meeting has been arranged by the South Suburban Chapter, American Cancer Society, for tonight, Dec. 4 at 7 o'clock in Cavallini's restaurant at Midlothian. A representative from each of 12 high schools in the suburban

area is slated to be present. Dr. Peter T. Fagan, pathologist from St. James hospital, Chicago Heights, will be the key speaker. Dr. Fagan will explain the technical aspects of this program.

Miss Audrey Campbell, Illinois education director of the American Cancer society, will also speak to the group. Miss Campbell will explain what the society has done and will continue to do to help alleviate this great need for more technologists.

The visual aids to be presented will include a new film, "The Human Cell and the Cytotechnologist" as well as "Careers in Medical Technology." The film "Careers in Medical Technology" has been used by our schools for the past year. There will also be a series of slides along these same subjects.

At Last! Back-Seat Drivers Get O.K. From Natl. Safety Council

Want to live longer?

Here's one method: Become buddies with that person fidgeting in the back seat of your car—or right there beside you, for that matter.

"Two heads are better than one when they're behind the wheel of a car," the National Safety Council says. It believes that the so-called back-seat driver may hold the solution to the traffic accident problem.

"We're in favor of motorists combining their driving knowledge and skill with the help other passengers in the car can give," the Council says.

It agrees that the term "back-seat driver" has a bad connotation. The motorist who's been subjected to nagging "advice" from the rear understandably takes a dim view of interference with his driving.

"But with the proper spirit on both sides, back-seat drivers can be a real help," the Council says.

How?

1. Let your wife, for example, who used to sit with nothing to do on a trip, be your copilot. Her observations—a car sneaking out from a side street, a quick turn in the road ahead—can take a big load off your mind.

2. Studies show that the irritated driver is more accident prone. The wife can help hubby cool off when he's upset over slow-moving cars or heavy traffic.

3. Giving other persons in your car something to keep them from getting bored the library Tuesday afternoon.

Mr. and Mrs. Tom Gleason and children Bryan, Michael and Katherine of Manhattan, and Mrs. Adella Sproat were guests Thanksgiving Day in the home of Mr. and Mrs. Robert Sproat.

The Maple Street Arbor of Gleasons will hold their annual business meeting and election of officers Friday night, Dec. 5 at 8 o'clock in the Homer town hall.

adopted been open one evening a week for the transaction of business, said evening being Friday evening between the hours of 6:00 o'clock P. M. and 8:00 o'clock P. M.; and

Whereas, the Board of Directors of this bank has considered and studied a change in the evening banking hours of this bank and has determined that the interests of the customers of this bank would be better served if this bank were open on Thursday evening between the hours of 6:00 o'clock P. M. and 8:00 o'clock P. M. and closed on Friday evening; and

Whereas, this bank has here tofore adopted a resolution providing that this bank be open for the sole purpose of accepting deposits, cashing checks and making change on Saturday except on those Saturdays immediately following a Friday of the same week or preceding a Monday of the following week which said Friday or Monday is observed by this bank as a legal holiday and on which such Saturday this bank would be open for the performance of all banking transactions.

Now, Therefore, be it resolved that this bank hereby elects to remain closed on Friday evenings between the hours of 6:00 P. M. and 8:00 P. M. commencing on the 9th day of January, 1959.

Be it further resolved that this bank be open on Thursday evenings between the hours of 6:00 o'clock P. M. and 8:00 P. M. commencing on the 8th day of January, 1959 for the purpose of transacting all banking business.

Be it further resolved that the business hours of this bank shall be as follows effective January 8, 1959, except on those days observed as legal holidays, to wit:

Monday through Friday — 9:00 A. M. to 2:00 P. M.
Thursday evening—6:00 P. M. to 8:00 P. M.

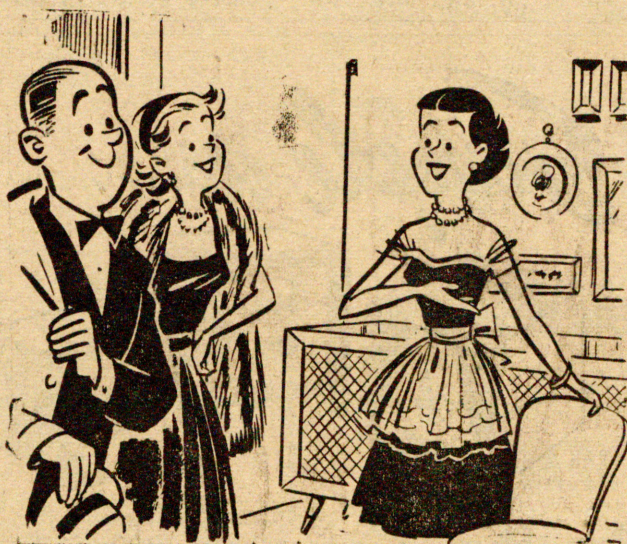

Saturday morning—9:00 A. M. to 12:00 Noon (for the sole purpose of accepting deposits, cashing checks and making change; except during said hours for full banking business on any Saturday following a Friday on which this bank is closed or any Saturday preceding a Monday on

Missionaries Among Boat People In China to Speak Here Sunday

A unique ministry of presenting the gospel message to the boat people of China will be presented next Sunday evening at 7 p.m. in the Municipal building. Miss Stephanie Czechowicz and Miss Margaret Roschko, missionaries who will be returning to their field of Hong Kong in February, will be showing their interesting colored pictures as they tell of the unusual experiences that they encounter in this work.

The Oriental Boat Mission differs from most other Mission boards inasmuch as their missionaries live on water and sail the many rivers of the Orient. They work among families that also live on the water, teaching the children in the school work and conducting regular church services in a chapel boat. Miss Czechowicz has completed nine years of service in this ministry in Hong Kong.

The meeting is under the auspices of the Community Bible church and the public is welcome to this informative service.

John J. Walsh, president of the Kimberly Heights Home Owners association, is a patient at the Presbyterian hospital in Chicago. He will be very happy to hear from his friends.

Dawn Cheryl Palya has been hospitalized the past week at Children's Memorial hospital where she underwent surgery for the removal of a safety-pin from the esophagus.

Thanksgiving Guests
The Douglas family of 183rd street entertained the following guests for the holiday: The Dillon family of Chicago, the Boland family of Chicago and the Sieracki family of Tinley Park.

Mr. and Mrs. Donald Ham-mack were guests of Mr. and Mrs. Leroy Bowman of Oak Forest.

Dinner guests at the Ken Websters were: Mr. and Mrs. Wm. Olson of Markham, Mr. and Mrs. Dallas Webster, and in the evening Mr. and Mrs. Dallas Webster Jr., and daughter of Marseilles joined the family group.

Mr. and Mrs. Henry Nolte and family were dinner guests of Mr. and Mrs. Alfred Hardwick, Cedar Lake, Ind. Thursday of last week.

Recent guests of Mr. and Mrs. Fred Nitsche were Mr. and Mrs. Gust Zerbs and family, Mrs. Hilda Nitsche and family, Mrs. Elsa Zerbs and daughter Vera and Mrs. Pearl Nitsche.

Charles Robert Tyrolt left last Tuesday to serve two years in the U. S. Navy.

Richard Bussian is a freshman at Milligan college, Milligan, Tenn., a Liberal Arts college with Christian church affiliation. Richard is preparing for the ministry. Following Christmas vacation he will conduct Sunday morning worship service in a small church in the Milligan area.

A baby shower was given at the home of Mrs. Harry Schmidt, 16501 Skyline, Tuesday evening, Nov. 24. Mrs. Verle Butterfield was co-hostess. The honored guest was Mrs. Dean Pettit. Games were played throughout the evening, and refreshments served.

Mrs. Pettit received many lovely gifts. Guests were from Homewood, Peotone, Harvey and Tinley Park.

Mrs. A. R. Douglas attended the funeral of her uncle, Sgt. Edward G. Kent, retired police officer for the city of Chicago, on Tuesday of this week.

The Mocher's birthday club enjoyed their Christmas party with dinner at Jerdine's restaurant Monday evening.

Mr. and Mrs. Hobart Smith, Jr. and family of Findlay, O., were special guests of his parents, the Hobart Smiths of Sayre ave.

The Young People's Sunday school class of the Nazarene

church went bowling Saturday evening at the Frankfort Lanes, accompanied by their pastor, Rev. Dallas Mucci.

Jimmy Tindall, 5 year-old son of Mr. and Mrs. Glenn Tindall is recovering from a broken collar bone. It happened when Jimmy slipped and fell recently. This is the second such accident he has had.

Eva Casperson returned last week after visiting a sister in Iowa who is ill.

The Willow Lane social group met recently with Mrs. Martha Hoffman and planned their Christmas dinner party which was held last evening at the Martique restaurant.

In celebration of her birthday, the Warren Eklund family, will be entertaining 15 guests for dinner Sunday. The Eklunds were holiday guests of Mr. and Mrs. Reuben Eklund in Rogers Park.

The Ed Heinzen family of 169th and Sayre were guests of Mr. and Mrs. Devore Welborn in Chicago.

The two year old daughter of Mr. and Mrs. Kenneth Brandau, 171st and 82nd ave., spent two days in Silver Cross hospital, where she was taken by the fire department on Thanksgiving day after suffering convulsions at her home. The fire department aided Dr. Helmut Feldman in treating the child before taking her to the hospital.

BLUEBIRDS

The New Lenox Bluebirds 4H club met Saturday, Nov. 22 at the Lions Den. Four new members, Patsy Peciniak, Cathy Martin, Bonnie Brick, and Linda Sheppard joined the club. The next meeting will be Dec. 6 when the girls will make candy wreaths.

Judy Termuende gave a talk on winning first prize on the poster "Eating a Better Breakfast." Mary Ann Sampson talked on safety, and Janice Sampson on posture. Cheryl Douglas, crossing the street; Sylvia Everson, better lighting, and Nancy Strappazon on Thanksgiving.

Mrs. William Stoner was accompanied by four of the girls in taking the cookies they made to the orphanage in Joliet. The girls who went were Carol Hammond, Joyce Kuempel, Donna Baughn, and Linda Sheppard.

NEW LENOX

The New Lenox grade school PTA will meet Tuesday night, Dec. 9 at the Haven school at 7:45 p.m.

The "Know Your School" talk for this month will be on music teaching by Milton Mojzisz, band director.

The Lincoln-Way High school choral group will entertain, under the direction of Tom Olsen, and Miss Leslie Ekedahl will entertain with a solo on the marimba. Hostesses for the evening will be the mothers of the fifth graders.

BASE METALS

The term "base metals" is used to describe common metals, such as nickel, copper and chromium, as distinct from the precious metals which are platinum, palladium, rhodium, ruthenium, iridium, osmium, gold and silver.

Homer

Fire District to Hold Fund Drive For New Building

By ELIZABETH ANDERSON
Lockport 886W2

The recently organized Homer Fire Protection District has made arrangements to purchase a building site on the west side of Homer rd. opposite the town hall. It is planned to hold a drive for funds to be used to finance a building to house fire equipment, which will be purchased with tax money as soon as it can be procured. Wrey White is chairman of the building committee.

Letters are being sent to the members of Homer church who have not yet made a pledge to the fund for the school property acquired by the church a few months ago. Donald Aspel is the treasurer of the committee for this fund. He is being assisted by Ralph Reiter.

Army Pfc. Lyle H. Angus, 24, whose wife, Hazel, lives at 510 N. Briggs st., Joliet, recently qualified as expert in firing the submachine gun in Munich, Germany. Angus, a driver in the 34th Armored headquarters and service company, entered the Army in May 1957, completed basic training at Fort Carson, Colo., and arrived in Europe in October of last year. He is the son of Mr. and Mrs. Stanley Angus, Route 2, Lockport, and attended Lockport high school.

Preparations are being completed for the annual meeting of Homer church to be held Dec. 7 following the regular morning service and lunch at the church. All officers of the church and affiliated groups will report at this meeting.

John Hollister, Mrs. Robert Shepherd, Sr. Mrs. Roy Hanson, and Jerry Paddock have been ill with the flu during the past week.

Mrs. Harvey Ingersoll has been detained by illness from her duties at 33C for a few days. Mrs. Ray Carlson substituted for her.

Sherman Reiter was the guest of his brother, Stewart, at Urbana during last weekend; the two returned to their home here Wednesday where Stewart remained for the Thanksgiving vacation.

Bruce Anderson was a DeKalb business visitor Monday of last week.

Mrs. F. J. Paddock visited her sister, Mrs. G. L. Reed in Evanston last Sunday.

Thanksgiving Guests
The John Hollisters had as Thanksgiving day guests Mr. and Mrs. Edward Hollister, Mrs. Mabel Baker, and Mr. and Mrs. William Churchill and son all of Joliet, also Mr. and Mrs. Arthur Kennedy of Streator.

Ralph Benck of Lincoln, Neb. and Irene Benck of Iowa City, Iowa were home at the Herman Benck's, remaining until Sunday. On the previous Sunday evening, the Carl

Community Center Foundation Employs Assistant for Director

The Community Center Foundation of Palos Park announces the appointment of Frank W. Sanders, son of the Rev. and Mrs. Paul T. Sanders, as assistant director. On Jan. 1 he will assume the duties of directing an expanded program for which a need has been indicated. He will work especially in areas of group activities for youth, industrial personnel counseling, senior citizens and recreational supervision.

The young Mr. Sanders is well known through out the Orland area where he has lived since childhood. At the age of two he moved with his parents to the Ernest Werner homestead on Northwest highway at 127th where the Community Center Foundation was in its earliest stages under the guidance of the Rev. Paul Sanders, his father. Frank grew up as an active and integral part of the Center's activities.

After attending grade school at the one room McCord school on LaGrange road, he graduated from Orland Park high school. He attended Monmouth college for two years and enlisted in the navy in 1951.

Sieg's of Blue Island were dinner guests in the Benck home.

Mr. and Mrs. Charles Dale entertained at a family dinner the William Morrisons and Mrs. Ruth Morrison of Frankfort, and Mr. and Mrs. Carl Wegner of New Lenox.

On Friday Mr. Dale became quite ill; he expected to have a medical checkup Monday.

The Eugene Anderson family attended a family dinner at the home of Mrs. Edward Timm and Mrs. Marie Bachmann Thursday evening.

Rev. and Mrs. Roy Hanson and Robin were guests of Chicago friends.

The Henry Rodgers family ate turkey with Mr. and Mrs. Angelo DeFra in Lockport.

Mr. and Mrs. John Dixon were guests in the home of her sister, Mrs. William Wilke in Oak Lawn.

Mr. and Mrs. C. G. Rowley were guests Thursday at a family gathering in the home of their granddaughter, Mrs. William Rutter and family in Lockport.

The Missionary society will hold the December meeting Thursday, the 18th, one week early because of Christmas.

The Royal Neighbors will hold their Christmas party on Dec. 30.

Mrs. Ray Carlson and children went to see Santa Claus in downtown Chicago Saturday.

Robert Welter and Don Cagwin are exhibiting steers at the International Livestock show in Chicago this week.

Army Pfc. Denis M. Fitzgerald, son of Mr. and Mrs. Jo-

He served as district chaplain's assistant at Charleston, S. C. for four years.

Following discharge, he attended Northern Illinois University at DeKalb where he received his bachelor's degree in social science in 1956. His masters degree in labor and industrial relations was obtained from the University of Illinois in 1957. For the past year he has been a management trainee with Sears and Roebuck at Aurora.

He is married to the former Blanche Barr of Charleston, S. C. and has a five year old son, Paul Edward. The family will make their home in the original Werner farm house on the Foundation grounds.

The Foundation Board of Trustees in making the appointment stated that Frank Sanders is especially fitted to assist in carrying forward the philosophy and purpose of the Center because of his close association with the fellowship and his educational training in human relations.

The Rev. Mr. Sanders, founder, will continue as director, a position he has held since the organization of the Foundation nearly 30 years ago.

seph E. Fitzgerald, 514 Whalen ave., Lockport, participated in recent 5th artillery organization day ceremonies in Babenhause, Germany.

The ceremonies consisted of a parade, athletic events, and competitions in employing howitzers and in wire laying.

Fitzgerald, a cannoneer with the artillery, entered the Army in March 1957 and received basic training at Fort Leonard Wood, Mo. He was stationed at Fort Lewis, Wash., before arriving in Europe in October, 1957.

The 21 year old soldier was employed by U. S. Steel and Wire, Joliet, in civilian life. He is a graduate of Lockport Township high school.

Army Recruits Raymond A. Wittkofski and David N. Martis of Lockport, recently completed eight weeks of basic combat training at Fort Riley, Kan.

Wittkofski, 21, son of Mr. and Mrs. Bernard R. Wittkofski, 1513 Johnson st., is a 1957 graduate of Lockport High school and was formerly em-

ployed by U. S. Steel and Wire, Joliet, in civilian life. He is a graduate of Lockport Township high school.

Bremen High Students Give Play For Patients at Oak Forest Hospital

Bremen Community high school students initiated the "Little Theater Season" at Oak Forest Hospital, Nov. 28, staging their enactment of "Cheaper by the Dozen" for the patients enjoyment.

Other high schools, colleges, and Little Theater groups interested in sharing their productions with the patients are invited to contact Oak Forest Hospital Recreation Director, Walter C. Dohl, FU 8-2360 or WA 8-4200, for a scheduled date.

Bremen drama coach George Sully, reviewed the hospital performance as an improvement over the Nov. 7 staging, adding "the away from campus atmosphere and enthusiastic audience response 'fired' the all school cast. He also commented on the excellent facilities available in the hospital recreation hall, with its well appointed stage, lighting and sound system. Mr. Sully, Patricia Breeze and Patricia Bajt of the Bremen faculty were in charge of directing the play.

Members of the cast were Tom Tomson, Peggie Donahue, Sylvia Ketel, Paul Fredericks, Tom Blount, Stanley Ferguson, Mary Cloney, Barbara Macak, Eva Webb, Gerry Smelko, Rose Mary Milazzo, Jim Kornibe, Donna Olson, Gwynne Cade.

Production duties were by Nadine Doerr, Marlene Ogden, Diane Michaels, Sue Koski, Judy Porter and Karen Digman and Laurie Fel and a live Boxer pup.

played by Bob Cronholm Construction.

Martis, 19, son of Mr. and Mrs. George Martis, 301 Fairmont ave., is a 1957 graduate of Lockport High school and was employed by Material Service corp., in civilian life.

Palos Players To Give Benefit Tomorrow Night

The Palos Village Players will present a benefit performance of the Broadway play "The Rainmaker", at the Drury Lane theatre, 95th and Western ave., tomorrow, Dec. 5.

A few months ago the Players presented "The Rainmaker" at the Palos village hall,

and it was most successful. Shortly afterwards one of the cast suffered a fatal heart attack. This event reflects the warm friendly feeling in our community as the members are giving freely of their time and talent under the direction of Mrs. Jack Kornfield.

Proceeds will go to the bereaved family.

NI-HARD OUTPUT GAINS
The output of Ni-Hard abrasion-resisting nickel-chromium cast irons showed an increase during 1956. Leading applications for these cast irons were grinding balls and mill liners as used by the cement and

MAURICE P. ANGLAND

A newly elected Congress is to come into being with the New Year. Many new faces will become important on the national stage. Within the limits of practical politics to insure further success at the polls, most will do their best to keep the country and its economy on an even keel— at least an even

keel as they see it. Their own re-election, however, being a paramount consideration. Hardly unusual!

We are again having the expected rash of predictions and pledges as to reduction of spending on foreign aid and defense which are such a large portion of our budget. Reductions in other sections of the budget is difficult due to organized pressure groups in each major segment of the expenditures. These sections of the budget are not anonymous but very personal. They cannot be brushed off with "those people over there."

As a matter of fact, we have very much less control over our expenditures on foreign aid and defense than on domestic matters. Our budget in this field is dictated in Moscow! For our own national survival, we must check mate Russian moves.

As a dictatorship, Russia can, without regard to what we think of as public opinion, keep pushing and testing our determination and national intelligence. She can hit us at many points looking for a soft spot in the national determination. Dictators must have turmoil to survive. In Russia, politics is a dangerous venture. In Russia, the dictator holds power or is likely to have an early funeral.

The so-called "cold war" is really what is known as "geopolitics" which is not a new science. It is at least a dangerous as a shooting war and more expensive. Geopolitics is loosely defined as the use of geography and economics to achieve a political objective.

It is a very cold and ruthless game of international chess in which control of the living standards of a people are sought. The idea being that control of a "people's belly" will control those people. Geopolitics does not lend itself to the dramatic events which have popular appeal and interest. Shooting wars create heroes and epochal events appealing to popular emotions. It can only be fully practiced on the offensive side by dictators!

This situation is of particular interest to investors as successful investors are a cautious breed little influenced by headlines alone. Instinctively, the country has learned to live with the usual international turmoil. A great many informed people expect this cold war to go for a number of years to come.

Defense expenditures and the semi war basis of the economy plus the known expectation of population surge in the next few years, are considerable insurance against a depression. The normal trend of the present scientific revolution we are experiencing, is being accelerated by defense spending in scientific fields of new alloys, chemicals, motors, fuels etc. Purely civilian demands could not afford the research costs.

Modern wars contribute to raising living standards (exception—do not be defeated) as they force greater production of food and industrial products with scientific aids. Almost all economists expect 1959 to be a good business year. It also is likely to see further erosion of purchasing power of the dollar. Common stock as an investment medium will become even more popular.

Orland Park

Scout Commissioner Announces \$531 Collected in Finance Drive

By MRS. LILLIAN KNOX
Fieldbrook 9-0211

Ralph Town, commissioner, announces that the annual Boy Scout finance drive has been completed and that the community has again supported Scouting by contributing \$531. He thanks all contributors and volunteers who canvassed the community for the wonderful response.

On Nov. 15, 15 boy scouts spent the weekend at Turkey Run State park. The scouts plan to conduct paper drives every two months. The proceeds of these drives help the boys to attend camp in the summer.

There will be a training course for adult cub scout leaders, committee-men, den mothers and den chiefs, starting at 7:30 p. m. Tuesday, Dec. 2, and continuing Dec. 9 and 16 at the grade school.

Mr. and Mrs. Virgil Butler are the parents of a baby boy born Tuesday, Nov. 25 at St. Joseph's hospital in Bloomington. The infant weighed 8 lbs. 10 oz. and has been named Jeffrey Allan. The Butler's residence in Heyworth. Congratulations are being extended to Mr. and Mrs. Richard Farr, grandparents.

Mr. and Mrs. John C. Orlov of 167th St. celebrated their 25th Silver wedding anniversary, Sunday, Nov. 23, with a reception in the evening for 130 relatives, friends and neighbors at Cypress hall in Chicago. A wonderful time was had by all.

Tuesday, Nov. 25, they had an anniversary Mass at St. Michael's church, with Rev. Frank Coyle blessing them, and renewing their marriage vows.

The fire department expresses their thanks to all the wonderful people who donated prizes and to all who helped in making the Fall dance a big success.

Shortly after 9 a. m. Sunday, the fire department was called to Orland Park Hills where someone thought a building was afire, but it was a false alarm.

A reminder to all Circle members and women of the Methodist church, that the quarterly meeting of the Woman's Society of Christian Service will be held in the church parlors Thursday, Dec. 11 at 8 p. m. A Christmas program has been planned and a party to follow. Those attending should bring a 50 cent gift for the gift exchange. Refreshments will be served by the Mary Circle.

The Cancer dressing group will meet in Wesley Hall of the Methodist church, Wednesday at 10 a. m., Dec. 10. Bring a sandwich and hostesses will serve coffee and dessert. Mrs. Harry Pihl, chairman of the Woman's club, is chairman and extends an invitation to anyone interested in this project, to come and join the group.

Miss Rose Enders was a guest of Mrs. Mary Atwell Saturday evening, Nov. 29 at Bedford Park Community hall, where Mrs. Atwell was installed as "Ruth" of the Argo-Summit chapter Eastern Star with other officers for 1959. Refreshments were served after the installation, and later in the evening.

It also is likely to see further erosion of purchasing power of the dollar. Common stock as an investment medium will become even more popular.

Ann Rutledge PTA Plans Its Yule Festivities

By MRS. EMIL WILLE
Frankfort 3161

The Ann Rutledge Parent-Teacher association will hold its annual Christmas party for members and guests following the regular meeting Monday, Dec. 8, at 8 p. m. in the school.

Jay Bissell will be master of ceremonies. Mrs. William Davidson will be in charge of community singing. Songs and games have been planned for the enjoyment of all who attend. A 50 cent gift will be exchanged. Refreshments will be served.

Thanksgiving Guests

Guests of Mr. and Mrs. Paul Riechel, were their daughter and son-in-law, Mr. and Mrs. James Val Chant of Chicago.

Guests of Mr. and Mrs. Dwight C. Nickolson were Mr. and Mrs. Robert Nicholson and family, Mr. and Mrs. Jack Newton of Frankfort and Mr. and Mrs. Charles Colahan of Chicago. Mr. Colahan was able to leave the Woods Memorial hospital for the holidays. He has been a patient there for some time.

Mr. and Mrs. John Tyler entertained Mr. and Mrs. Eldon Harmon and family of Rockford and Mr. and Mrs. Marvin Kluth and family of Lincoln Estates.

Mr. and Mrs. Fred Harmon's guests were their two sons Mr. and Mrs. Bernard Harmon and family and Irvin Harmon.

Mr. and Mrs. Rudy Urbano and family entertained Louis Urbano, Adolph Norling and daughter Mel Norling.

Mr. and Mrs. Walter Niedringhaus and family had dinner with the former's sister, Mr. and Mrs. Robert Alexander of Chicago. Their parents, Mr. and Mrs. Clarence Niedringhaus were also present.

Mr. and Mrs. Harry Low spent the day with their son, Mr. and Mrs. Wallace Low at Matteson.

Mr. and Mrs. Fred Henke and family were guests of the latter's parents, Mr. and Mrs. Otto Artelt at Norwood Park. Mrs. Henke and small daughter have been ill with the measles since Thanksgiving.

Mr. and Mrs. Robert Wheeler had as their guests, her sister and family, Mr. and Mrs. Leo Marcoux of Mokena, and her father, also Mr. and Mrs. Jay Bissell. Their son, Dennis, and Dwayne Thorpe were home from North Western University for the holidays.

Lloyd Alton, teacher at Ann Rutledge school, accompanied three students to see the Austin vs. Fenwick football game at Soldier's Field, Chicago, Saturday. The students were Randy Wheeler and Michael and Rudy Urbano Jr.

Junior Adult Group of St. John's Elects Officers, Plan Yule Party

By KATHERINE HEISNER
Frankfort 5187

The junior adult group of St. John's church had elected officers recently. Milton Werner was re-elected president, Norbert Behrens, vice-president, Everett Buck, treasurer and Mrs. Donald Wilke, secretary.

A Christmas party will be held after an evening of caroling by the group Sunday evening, Dec. 21, with a gift exchange.

The offering received will be sent to the Tennessee Mountain Mission Home.

Mr. and Mrs. Sil Delaurie of Chicago spent Sunday as dinner guests of Mr. and Mrs. Vincent Shortinger.

Mrs. Mary Bettenhausen entertained her family at supper Sunday evening. Guests were the Earl Bettenhausens, the Wesley Betthausens, the William C. Bettenhausens and Mr. and Mrs. Carl Weber of Herscher.

Thanksgiving Guests
Mr. and Mrs. John Bauch entertained at a family gathering. Mr. and Mrs. Melvin Mueller, Mr. and Mrs. Vilas Peters and son and Miss Marilyn Younker, all of Crete, and Miss Verna Stolzenbach, of Monsee were present.

The Bremen Beat

By EDWIN BRUELL

The mathematics club at Bremen Community High school has just been admitted to membership in Mu Alpha Theta, national high school and junior mathematics club. George Rieke is president.

Charter members are Mike Field, secretary-treasurer, Gerald Anderson, vice-president, Robert Rodger, Craig Foster, Pat Rea, Edward Brown, Alan Heitman, Pete Postlewaite, Lewis Matuszewicz, Jack Heil, and Barry Haber.

Requirements for membership in the honorary organization, which is affiliated with the National Council of Mathematics Teachers, is that the students must have had one and a half years of algebra and high scholarship in other subjects.

The national organization, with headquarters at the University of Oklahoma, has a circulating library and a guidance program to aid students who want careers in mathematics. They may enroll in Mu Alpha Theta in college also. Cost of membership is 75 cents.

The Bremen mathematics club, sponsored by Mrs. Hilda Hemphill, is working on problems and puzzles in regular meetings.

Ronald Preissig is assistant sponsor.

Dinner guests of Mr. and Mrs. Vincent Shortinger were Mr. and Mrs. Charles Glynn of Berwyn, Mr. and Mrs. Fred Burger and son of Cicero and Mrs. Louise Malinowski of Chicago.

Mr. and Mrs. Orville Wischover entertained as dinner guests Mr. and Mrs. Otto Wischover and daughters, Mr. and Mrs. Melvin Horney and son of Matteson, Mr. and Mrs. Judson Kodak and family of Chicago Heights and Emil Dettmeyer of Matteson.

Mr. and Mrs. Joseph Clelland and son David and Miss Emma Bauch, all of Joliet, Miss Mary Rainford, Robert Rainford and Walter Rainford were dinner guests of Mr. and Mrs. Roderick Rainford.

The WSCS of the Methodist church Christmas potluck dinner, party and meeting will be Wednesday, Dec. 10, at 12:30 p. m. in the church parlors. Mrs. Edwin Dralle, Mrs. Harold Ullrich, Mrs. Norman Krapf, Mrs. Dewey Andres and Mrs. William Bettenhausen are the program and worship leaders.

A collection from each member will be sent to Peek Home at Polo, Ill.

An outgrowth of the mathematics club at Bremen is the Chess club with Jacob Turban as sponsor.

ATTEND CONFERENCE

T. R. Birkhead, superintendent, James McCaslin, guidance director, and Edwin Bruell, language arts chairman, at Bremen Community High school attended the conference on school-university relations at the University of Illinois recently.

The purpose of the conclave was to convey a better knowledge of what the university expects of high school graduates and to establish greater coordination between the high school and the university in order to prepare students better for college.

Letter From Home Better Than Christmas Gifts, Say Most G.I.s

First choice of servicemen overseas at Christmastime: to be home. Short of that ideal gift, they would like home to come to them—in the form of homemade food, family photos, recordings of family gatherings, hometown papers and, above all else, more mail.

The results of an annual survey made by the Red Cross are reported this week by Mrs. Voris Miller, 17539 S. 65th ave., volunteer Red Cross Public Information Representative for Tinley Park.

The survey reveals that most servicemen and women and their dependents can buy traditional gift items in their post exchanges and ship stores. "A letter every week from the folks at home for the whole year is better than any single Christmas gift," they agree.

Another way to send a touch of home to servicemen overseas is thru recordings of family members, friends, and neighbors telling about what goes on at home. "There's nothing like hearing the voices of your family, and a recording can be replayed many times," All have an admonition: Keep it cheerful!

The Home Service Department of the Chicago Chapter,

American Red Cross, thru its "Voices from Home" program, provides free recording facilities to families that want to extend holiday greetings in this unique, personal way. Mrs. Miller reports. Persons wanting to use the free service are asked to call for an appointment at Chapter Headquarters, 529 South Wabash ave. in Chicago, Wabash 2-7850, or at a branch office:

In Harvey, 157 E. 155th st. ED 1-1075 and ED 1-1076, from Nov. 24-28.

Altho the survey shows that most servicemen don't own a phonograph, "Voices from Home" recordings can be played at Red Cross recreation centers or at service clubs.

The post office and defense departments advise that Christmas mail and parcels should be mailed before Nov. 20 for delivery by surface mail; ship, and by Dec. 10 for delivery by air mail.

Mrs. Miller urged Tinley Park families planning to make records to "Do your Christmas talking early"—the farther away from the United States the serviceman is stationed, the earlier the parcels should be mailed to insure delivery before Christmas, she pointed out.

An adequate parking area for the shopping center will be set aside, according to testimony presented before the zoning board, which recommended rezoning.

The zoning board noted that no objections to rezoning were expressed by officials of Crestwood, Robbins, Midlothian, Markham, and Oak Forest.

"There is not much to talk about at parties until one or two couples depart."

A Diet in Itself --

Soybean is Meat Without Bones

By ROBERT MANN
Conservation Editor
(Cook Co. Forest Presv.)

Our common farm crops almost all came from plants which were first domesticated in prehistoric times and distant countries. For centuries before the coming of white men, corn had been cultivated here in Illinois by the Indians but it originated, much earlier, in tropical America. Wheat and oats, of Old World origin, were brought here by the early colonists. Corn, wheat and oats are our three largest grain crops.

Within the memory of most farmers, another foreigner — the Soybean — has moved into fourth place and surpassed dozens of other farm and garden products. Never before in the history of American agriculture has any crop made such strides in such a short time. Increasing from only a thousand acres grown in 1914, for seed, today these beans are harvested from over 20 million acres. Illinois produces more than any other state and Decatur, where huge processing plants are located, is known as the soybean capital of the world.

The soybean is a native of China where it has been cultivated for about 5000 years. Its wild ancestor is a trailing vine unlike the upright bushy plants of most cultivated varieties. The soybean is a legume. It is not a true bean but no one has found a better name for it. Modern soybeans are from two to three feet high, have leaves with three leaflets, and bear short fuzzy pods each usually containing two or three beans. These seeds, when ripe, are nearly globular and vary in color from black or brown to green and creamy white. Most modern varieties have golden yellow seeds. They contain about 40 percent protein—twice as much as ordinary beans — and 20 percent oil, of which ordinary beans have practically none.

Soybeans do not readily become tender when cooked in water. Orientals, during their long history, have found many other ways of preparing them. In the form of sprouts, soy sauce, paste, soybean cheese

and curd they have been an important source of protein in the diet of Chinese and Japanese for centuries. Also, after boiling, the beans are ground with water to produce a "milk," as nutritious as cows' milk which is delivered regularly in bottles in Chinese cities. Our familiar soy sauce is a brown salty liquid made by fermenting soybeans and rice for periods from 8 months to 5 years. It has a meaty tang. As human food, the soybean can be nearly a complete diet in itself.

In 1894 the soybean was brought to the United States but it remained little more than a botanical curiosity for almost a century. Then it began to be grown as forage for cattle and as green manure for increasing soil fertility. Until World War I, little thought was given to the bean itself and its two main products — soybean oil and soybean meal.

The boom in soybean farming and processing of the beans started in 1922 when the A. E. Staley Manufacturing Co., previously concerned with corn starch, began such operations in Decatur. Soybeans thrive best on the soils of our Corn Belt. In only 30 years, high-yielding varieties together with improved farming and processing methods have doubled both the number of bushels harvested per acre and the yield of oil per bushel. Today, over a hundred processing plants produced half of the vegetable oils used in the nation and two-thirds of the oil-meal proteins fed to livestock and poultry. Hundreds of other soybean products now enter into the things we eat or wear or use in our daily lives, and the end is not yet.

The soybean is a meat without bones; a meat that grows in a pod.

Cong. Mason Now Ranks With House "Brass"

Cong. Daniel A. Reed, ranking Republican member of the house committee on Ways and Means, has notified Cong. Noah M. Mason, of the 15th Illinois district that he will move up to the third ranking position on that important committee.

In Mr. Mason's 22 years of service in the congress, he has been assigned to the committee on Ways and Means for 12 years and has received nationwide recognition as an authority on fiscal policy. In writing to Mr. Mason, Cong. Reed commented that the greater committee seniority would give the Illinois tax expert "increased authority and influence on legislation affecting federal taxation, social security, and tariff policy."

In his letter to Cong. Mason, Mr. Reed stated: "The importance of seniority and experience in the congress of the United States cannot be over-emphasized as essential elements in effective representation."

Mr. Reed went on to say that Cong. Mason's past distinguished record in the congress promises even greater accomplishment in the future under the circumstances of Mr. Mason's increased seniority.

It is expected that Cong. Mason will soon join with the house leadership in meeting on the formulation of the legislative program for the next congress.

County Board Gives Green Light To Shopping Center on 147th St.

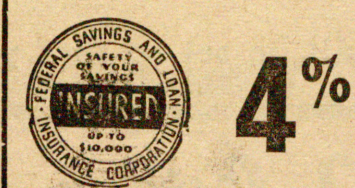

(CNS) — A shopping center will go up at the southeast corner of 147th st. and Cicero ave., Bremen township, where a restaurant, cocktail lounge, real estate office and two cabins now stand.

The green light was flashed last week when the county board rezoned an adjoining three-acre site from a residential to a business zone. This tract, on the south side of 147th st., is 267 feet east of Cicero ave.

The southeast corner already is zoned B-2 business. Both tracts will be used for the shopping center which will include the operation of a large supermarket and a chain drug store, the commission were told.

Social Security Taxes, Benefits
Will Hit New Highs Next Year

(Editor's note: This is another in a series on the changes in the Social Security Law. This article deals with the increase in benefit amount and the increase in the tax.)

Social Security benefits are intended to replace in part loss of income brot about by the death, disability or old-age retirement of the worker. For this reason, they are related to the average earnings of a worker in employment or self-employment covered by the Social Security law. Obviously, Social Security benefits are affected by changes in the national economy. Since the last benefit increase was put into effect in 1954, wages have increased by about 12% and prices by 8%. Congress felt that adjustment in the benefit scale were in order and voted an across-the-board increase in the amendments. These benefits become effective at the beginning of 1959, and will be included in all benefit checks for January which will reach beneficiaries early in February.

The benefit increases for retired workers amount to about 7% over the levels provided in the old law, with a minimum increase of \$3 in the benefits payable to a retired worker who came on the rolls at or after age 65. Slightly smaller increases will be shown on the benefit checks or retired women workers who elected to retire at age 62 or at any age thereafter before reaching age 65. Proportionate increases will be made in benefits paid to beneficiaries who are the dependents or survivors of retired or deceased workers.

For retired male workers now getting benefit payments, the monthly payments beginning with the payment for January, will range from \$33 to \$116, as compared with \$30 to \$108.50 under the old law. For women workers now getting retirement benefits, the increased checks will range from \$26.40 to \$116 per month. This slightly lower minimum benefit is due to the fact that some women chose to retire before age 65.

Another change in the law will make possible larger maximum benefit payments for many people coming on the benefit rolls in the future. This will be due to the change in the so-called "earnings base" on which payments are figured. Right now, only earnings up to a total of \$4,200 in a year can be credited to a worker's Social Security account; beginning with 1959, earnings up to \$4,800 in a year will be credited to a Social Security account. The largest monthly benefit payable to a retired worker with average yearly earnings of \$4,800 in a year will be \$127. However, this maximum benefit cannot be reached for many years.

Along with the increase in benefits will come an increase in social security taxes. Be-

ginning with January, employed persons will have one-fourth of 1% additional taken out of their pay; the tax rate will be 2½% each for employee and employer. The rate for self-employed people will go up from 3% to 3½% on their 1959 net earnings. The old rate, however, will apply to self-employment earnings for 1958, which must be paid when income tax returns are filed early in 1959.

Poor Eyesight
Lists High on
Accident Causes

How's your eyesight? If you drive a car the condition of your eyes should be of great concern to you, naturally. Yet, according to a professor of ophthalmology, poor eyesight probably is one of the basic causes of traffic accidents.

About 35,000 drivers in motor vehicle accidents in 1956 were reported to have defective eyesight, according to the National Safety Council. Add to that the number of accidents that result from blocked vision, and you can see just how important sight is to motorists.

In more than a million auto accidents in 1956, not being able to see clearly was a contributing factor. In about half of the million accidents, obstructions on the vehicle—most important of which were rain or snow on the windshield—were factors.

Highway obstructions such as trees, bushes, buildings and signboards were the culprits in more than 200,000 of the million accidents.

How can the problem be solved?

1. Don't drive if your eyesight's so bad it can't be corrected with glasses.
2. Reduce your speed 5 or 10 m.p.h. so you'll have more time to spot hazards ahead.

Correction In
Honor Roll List
At Orland Park

There was an error in recent story dealing with the honor roll for the first quarter at the Orland Park elementary school. The list sent out was last year's.

This year's first quarter list is as follows:
High honors (all A's): Steve Swedgwick, 8th grade, and Patricia Jaeger, 7th grade.

Honors (must maintain an average of B): 8th grade, Mark Bader, Diane Bendler, Jean Flonder; 7th grade, Judith Fye, Nancy Loebe and Susan Steinfatt; 6th grade, Patsy Reish, Patricia Ryne, Janet Taylor, Linda Wansik. Tim Sedgwick, Cynthia Cooper, Christine Cyrnek, Pat Devine, Leslee Ann Evans, Marilyn Fisher, Virginia Yang, Alber Loebe and Jerry Fye.

Physical education, music and art are not figured in computing honors. A "D", "E",

or "U" in any subject makes a pupil ineligible for the honor roll.

Nickel Silver Track

Model railroad fans now have available realistic-looking track which will not rust or oxidize and provides an excellent electrical contact for locomotives and cars. Made of nickel silver, an alloy of nickel, copper and zinc, the new track is easy to solder and bend, and requires less cleaning than brass or steel.

FARM NEWS

For Cook County by
W.F. Whiteside

Assistant farm adviser

All 4H Club members will be interested in one of the results of the recent Camp Shaw Waw Nas See annual meeting. The group at the annual meeting decided to proceed with plans to construct a swimming pool at Camp Shaw Waw Nas See. Those of you who have attended Camp Shaw Waw Nas See will realize the valuable addition the swimming pool will make to the camp facilities. I believe the addition of the pool will provide nearly perfect camping facilities for 4H campers in northeastern Illinois. I am very happy that I can bring this news to you.

At the recent County Health Improvement Association meeting, this organization expressed its interest in 4H members and 4H camping, by agreeing to furnish funds for counselors at the 4H camp. This association, chaired by George DeVries, Evergreen Park, is to be complimented for their interest and support of the 4H Club program.

The board also decided to hold a membership drive during the period January 5 to 19, 1959.

Many local 4H clubs are holding their achievement meetings. If you hear of a club achievement meeting being held in your community, why not drop in for a visit? You will find this an interesting and wonderful experience.

The college of agriculture has just released a new bulletin entitled "Vegetable Diseases," written by Dr. M. B. Linn of the Plant Pathology Department. This publication should prove valuable to home gardeners as well as commercial growers. You may obtain copies of this publication free by calling at the office or writing for Circular 802.

Recent tests using gibberellic acid on soybeans showed no advantage after treatment with this chemical. The yields were about the same on treated and untreated areas. The treatment did cause the lower pods on the bean plant to be higher above the ground, but at harvest these plots showed higher losses. Researchers, however, are not willing to abandon these tests and plan to use slower acting formulations in further tests next year. As you probably know, gibberellin is a plant hormone which induces unusual growth stimulation in various plants.

Thanksgiving dinners did not use up all of the turkey in the United States. There are

still large supplies for the Christmas holidays. And prices will be low in relation to prices of other meats. Don't forget the turkey when planning your holiday meals.

If you want to feed a complete ground and mixed ration to hogs, try the University of Illinois corn soya ration fortified with minerals, vitamins and anti-biotics. This ration is given in the extension circular, "Your 1958 Hog Business". Your farm adviser can help you locate distributors of the vitamin premixes that are required.

Dairymen who keep production records know which cows are making the most profit. Records also show which ones are the least profitable or are actually causing a loss.

Feeder cattle gleaners cornfields should get legume hay as a source of protein to balance the ration and increase gains.

Effective July 1, 1959, Illinois retail stores can sell only graded eggs to consumers. It will be illegal for retailers to continue to sell ungraded eggs. Retail stores should find reliable sources of graded eggs now.

It pays to keep good farm records and to study your business. Farming without knowing what results you are getting is like taking medicine without consulting your doctor. You may know that you need something, but not what kind or how much.

Farming is more productive today than it used to be. Land used for crops has increased by less than two percent since 1940, and yet total farm output has increased by 36 percent. Have you kept pace with scientific and technological developments?

The farmer has become a different man. The successful farmer is now a brain-worker rather than

OPEN SEPTIC SYSTEMS FAST NO DIGGING!

GET

BOYER Septic Tank Cleaner

New Lenox Lumber

New Lenox, Ill.

a muscle-worker. Muscle power commands a poor return because the electric motor and the internal-combustion engine can furnish this power at fraction of the cost of human labor. Mechanized farming means more cash investments. Careful study of good farm records will help you make wise investments.

Early winter is the time to check repairs needed to put machinery and equipment into proper condition for the next season. Because of increased numbers of models and changes in location of parts depots by some companies, last-minute orders may involve considerable delay and additional cost.

When you put your corn picker away after harvest, list the parts you want to replace before next season. You will get better service from your dealer during the winter. Be sure to grease the slip clutches so that they will not rust to the shaft. Also, spread some heavy oil on the parts of the elevators and other sheet metal that are worn shiny. Otherwise they will rust during the winter. Remove the roller chains, soak them in oil and wrap them in a cloth as protection against dust before hanging them up.

Put corn pickers into notch working order before storing them; protect all chains and bright parts with oil.

Squirt a little motor oil into each spark plug hole, and turn the engine over two or three times before storing your tractor this winter.

Allow two to four hours of continuous operation of such engine-warming devices as head-bolt heaters, oil-immersion-type heaters or cooling-system heaters. You can get most satisfactory operation by leaving the unit plugged in overnight.

Be sure to use a winter grade of oil in electrically operated equipment that is ex-

posed to low winter temperatures.

Keep extra delayed-action or motor-load fuses on hand to use for winter starting problems. The delayed-action fuse should be rated about 10 percent above the full-load motor current in amperes that is stamped on the name plate of the motor.

Power Poles Not Bulletin Boards, Utility Warns

The use of utility poles as "bulletin boards" creates a hazard for linemen of Commonwealth Edison Company (Public Service Company) and strict observance of the regulation against it is requested by S. B. Westby, district superintendent of the utility.

He urges local residents to co-operate with the company's

safety program by keeping poles free from handbills and posters of any kind.

"Nails, tacks and other fasteners are a real danger to our linemen," Westby said. "The metal objects may prevent a linemen's climbers from gripping properly and result in an accident. In addition, the posters are unsightly and taking them down is a costly maintenance problem."

First Nickel-Clad Tank Car Still in Use

The original railroad tank car built in 1930 from the first nickel-clad steel plates ever rolled is still in service. The car, which is used to transport molten phenol, also has nickel steam coils to keep this chemical in a liquid state.
